

VIP and VIP

Terrace Bay Councillor George Ramsay was on hand at St. Martin School in Terrace Bay recently to assist with the presentation of caps, T-shirts, and certificates at the graduation ceremonies for Grade 6 and 7 stu-

dents in the school's VIP (Values, Influences, and Peers) program. Here he is shown about to present the graduation package to Jeanette Fournier, 12, one of 28 graduates in Maxine Holland's class.

Bits and Bites

By Helene Ballard
 Time for another wee chat...time flies.
 Our weather has not been too warm yet, but let us hope July and August will be better.
 I trust all you folks who come to Birchwood and use the northeast entrance will notice the new guard rail which our maintenance department has installed for your safety. Now you can use this entrance in the winter with no fear of falling. Our thanks to the home for this.
 On behalf of the residents of Birchwood Terrace,

I would like to thank the Town Council for the delightful Senior Citizens Party they hosted for us at the Legion Hall on July 19. Fifteen of our seniors attended and all agreed it was a really fun evening. It helps to be able to take part in outings like this. Guess it keeps us young at heart.
 On June 25 the residents enjoyed a Wine and Cheese Party hosted by the staff of Birchwood, which I am sure was enjoyed by all present. Our heartfelt thanks for all the kindness shown to us by our staff.
 So happy to hear that our

beloved Dr. Adey will be back in his office if only for a few days a week. We all missed you, Doctor, and are grateful for your recovery.
 I still notice empty pop cans and candy wrappers which have been thrown around. Come on, kids, let's get with it and use the trash cans. Help keep your town neat and clean.
 We were sad to hear of the passing of one of Terrace Bay's respected citizens. Curly Hale will be long remembered. Our deepest sympathy to Mary, his widow, and his son Joe.

Until next week remember this: "A girl under 21 is protected by law and over 65 she is protected by nature." Adios.

ROCKHOUNDS — PROSPECTORS EXPLORATION COMPANIES

Schreiber — Terrace Bay — Marathon

The Ontario Ministry of Northern Development and Mines will provide an Economic Geologist to visit, assay and advise you on the potential of any mineral occurrences you may have staked or know the location of in the Schreiber-Terrace Bay-Marathon area.
 The geologists will be available to the public every Tuesday (during the field season), in the field offices listed below. In addition, geological reports, maps, files, claim sheets and rock displays will be present for viewing, and a weekly courier service of requested information will be offered.

Date	Time	Location
Tuesday	10:00 a.m. - 12 a.m.	Ministry of Natural Resources District Office Box 280, Highway 17 Terrace Bay, Ontario Telephone (807)825-3205
Tuesday	1:30 p.m. - 4:30 p.m.	Ministry of Northern Development and Mines, Peninsula Building, 2 Gilbert Street, Marathon, Ontario. Telephone (807) 229-1153

Have you seen . . . Reveen?

Have you seen the man they call Reveen? If not, you may want to go down to the Terrace Bay Arena on Thursday, July 3 at 8 p.m. to see this unique entertainer at work. Tickets for the show will be on sale at the door.
 Reveen, who is a native of Australia but considers himself a citizen of the world, has performed in many countries, though his home base is Las Vegas,

Nevada.
 He became interested in the potential of the mind when he discovered, as a young boy, that he could influence most of his young friends without too much difficulty.
 For the next 33 years he studied hypnotism, memory training, telepathy, mesmerism, psychic phenomena, parapsychology, and occultism, all of which led to his development of

Superconscious Psychology. He is now recognized as one of the top authorities on the subject of the potential of the mind in the world today.
 What can you expect at a Reveen Revue, like the one scheduled for Terrace Bay on July 3? Perhaps nothing you can expect.
 Every performer in one of his shows, according to a Reveen release, is an amateur from the audience, who volunteers to come up on stage during the audience participation portion of the show.

Such volunteers, in the superconscious state, may take part in a trip to the moon, work in a circus, or perform in an orchestra.
 Reveen has pointed out that in the superconscious state—which has nothing to do with the hypnotic trance state—latent inner potentials are released and expressed.
 He asks you to come out and see for yourself. That's July 3 at 8 p.m. at the Terrace Bay Arena.
