

Bryson says bye and thanks to Terrace Bay

By Terry Bryson
Terrace Bay Recreation Co-ordinator

This will be my last article for the News as I will be moving to a job in Sault Ste. Marie with the Ministry of Tourism and Recreation effective Oct. 14, and I would like to express to the community my family thanks for four enjoyable years in Terrace Bay.

Terrace Bay is fortunate in having dedicated individuals and community groups who are interested in the provision of recreation services to this community. In delivery system of recreation, these volunteer organizations and individuals are essential, and I thank them for making my job as co-ordinator enjoyable.

The provision of recreation also needs an active, concerned recreation committee, which Terrace Bay is fortunate in having in place. To Ernie Kettle, Don Davey, Bill McDougall, Russ Phillips, Mike Rust, Chris Joubert, and Jim Ziegler, the words "thank you" are really small words to express my gratitude to each and every one of you. At times you go unnoticed, but you are an essential component of this system.

I cannot express in words my appreciation to the Recreation staff, who I consider to be "the best" I have worked with in my 11 years in this field. The day-to-day administration

and maintenance of the recreation facilities and the implementation of programs, the problem-solving, the processing of grants and public relations are extremely difficult if a person attempts to do it on his own.

Therefore, assistance of staff is critical and I thank you for your help. We have worked as a "family" and I have enjoyed this working relation-

ship. Joan, Nancy, Wendy, Louise, Betty Ann, Tom, Roz, Brian, Roger, Linda—I can't in words thank you enough. Our doors are always open in the Sault. Keep in touch.

To the residents of this community, please continue to let the department know of your recreation needs. Our "Let's Hear From You" ap-

proach is sincere. The department must hear from you on program facilities and services that you would like to see offered in the area of recreation.

To the News, thank you for keeping the people of Terrace Bay informed of our programs and for allowing the department this space on a weekly

basis. Recreation will continue to develop and expand in Terrace Bay with the continuation of all concerned parties working together. Thank you.

New pageant starts

There will be a Miss Northwestern Ontario Pageant for the first time ever starting next year.

At the annual meeting of NOACC, the Northwestern Ontario Associated Chambers of Commerce, held last month at Minaki Lodge, the President of the Fort Frances Chamber of Commerce announced plans for the event.

Craig Sanders added that the winner of the pageant will compete for the title of Miss Canada at the annual, national contest held in Toronto every October.

He noted that Fort Frances has sent a contestant to Miss Canada for several years, but the Chamber has decided to run a regional pageant next year instead, as a vehicle to better promote Northwestern Ontario to the rest of Canada.

In a news release sent on Sept. 28, the Fort Frances Chamber noted that its area of franchise for the contest includes all centres from White River in the east to the Manitoba border, north to Pickle Lake, with the southern edge being the international border with the United States. This area would therefore include Terrace Bay, Schreiber, and Rosport.

Invitations to participate have been extended to all communities within the Fort Frances franchise area, the news release added.

The first annual Miss Northwestern Ontario Pageant will be held in Fort Frances during the annual Fun in the Sun celebrations, scheduled for late June of 1987.

Ontario Hydro

**RONALD H.
STEWART**

JACK D. HAMER

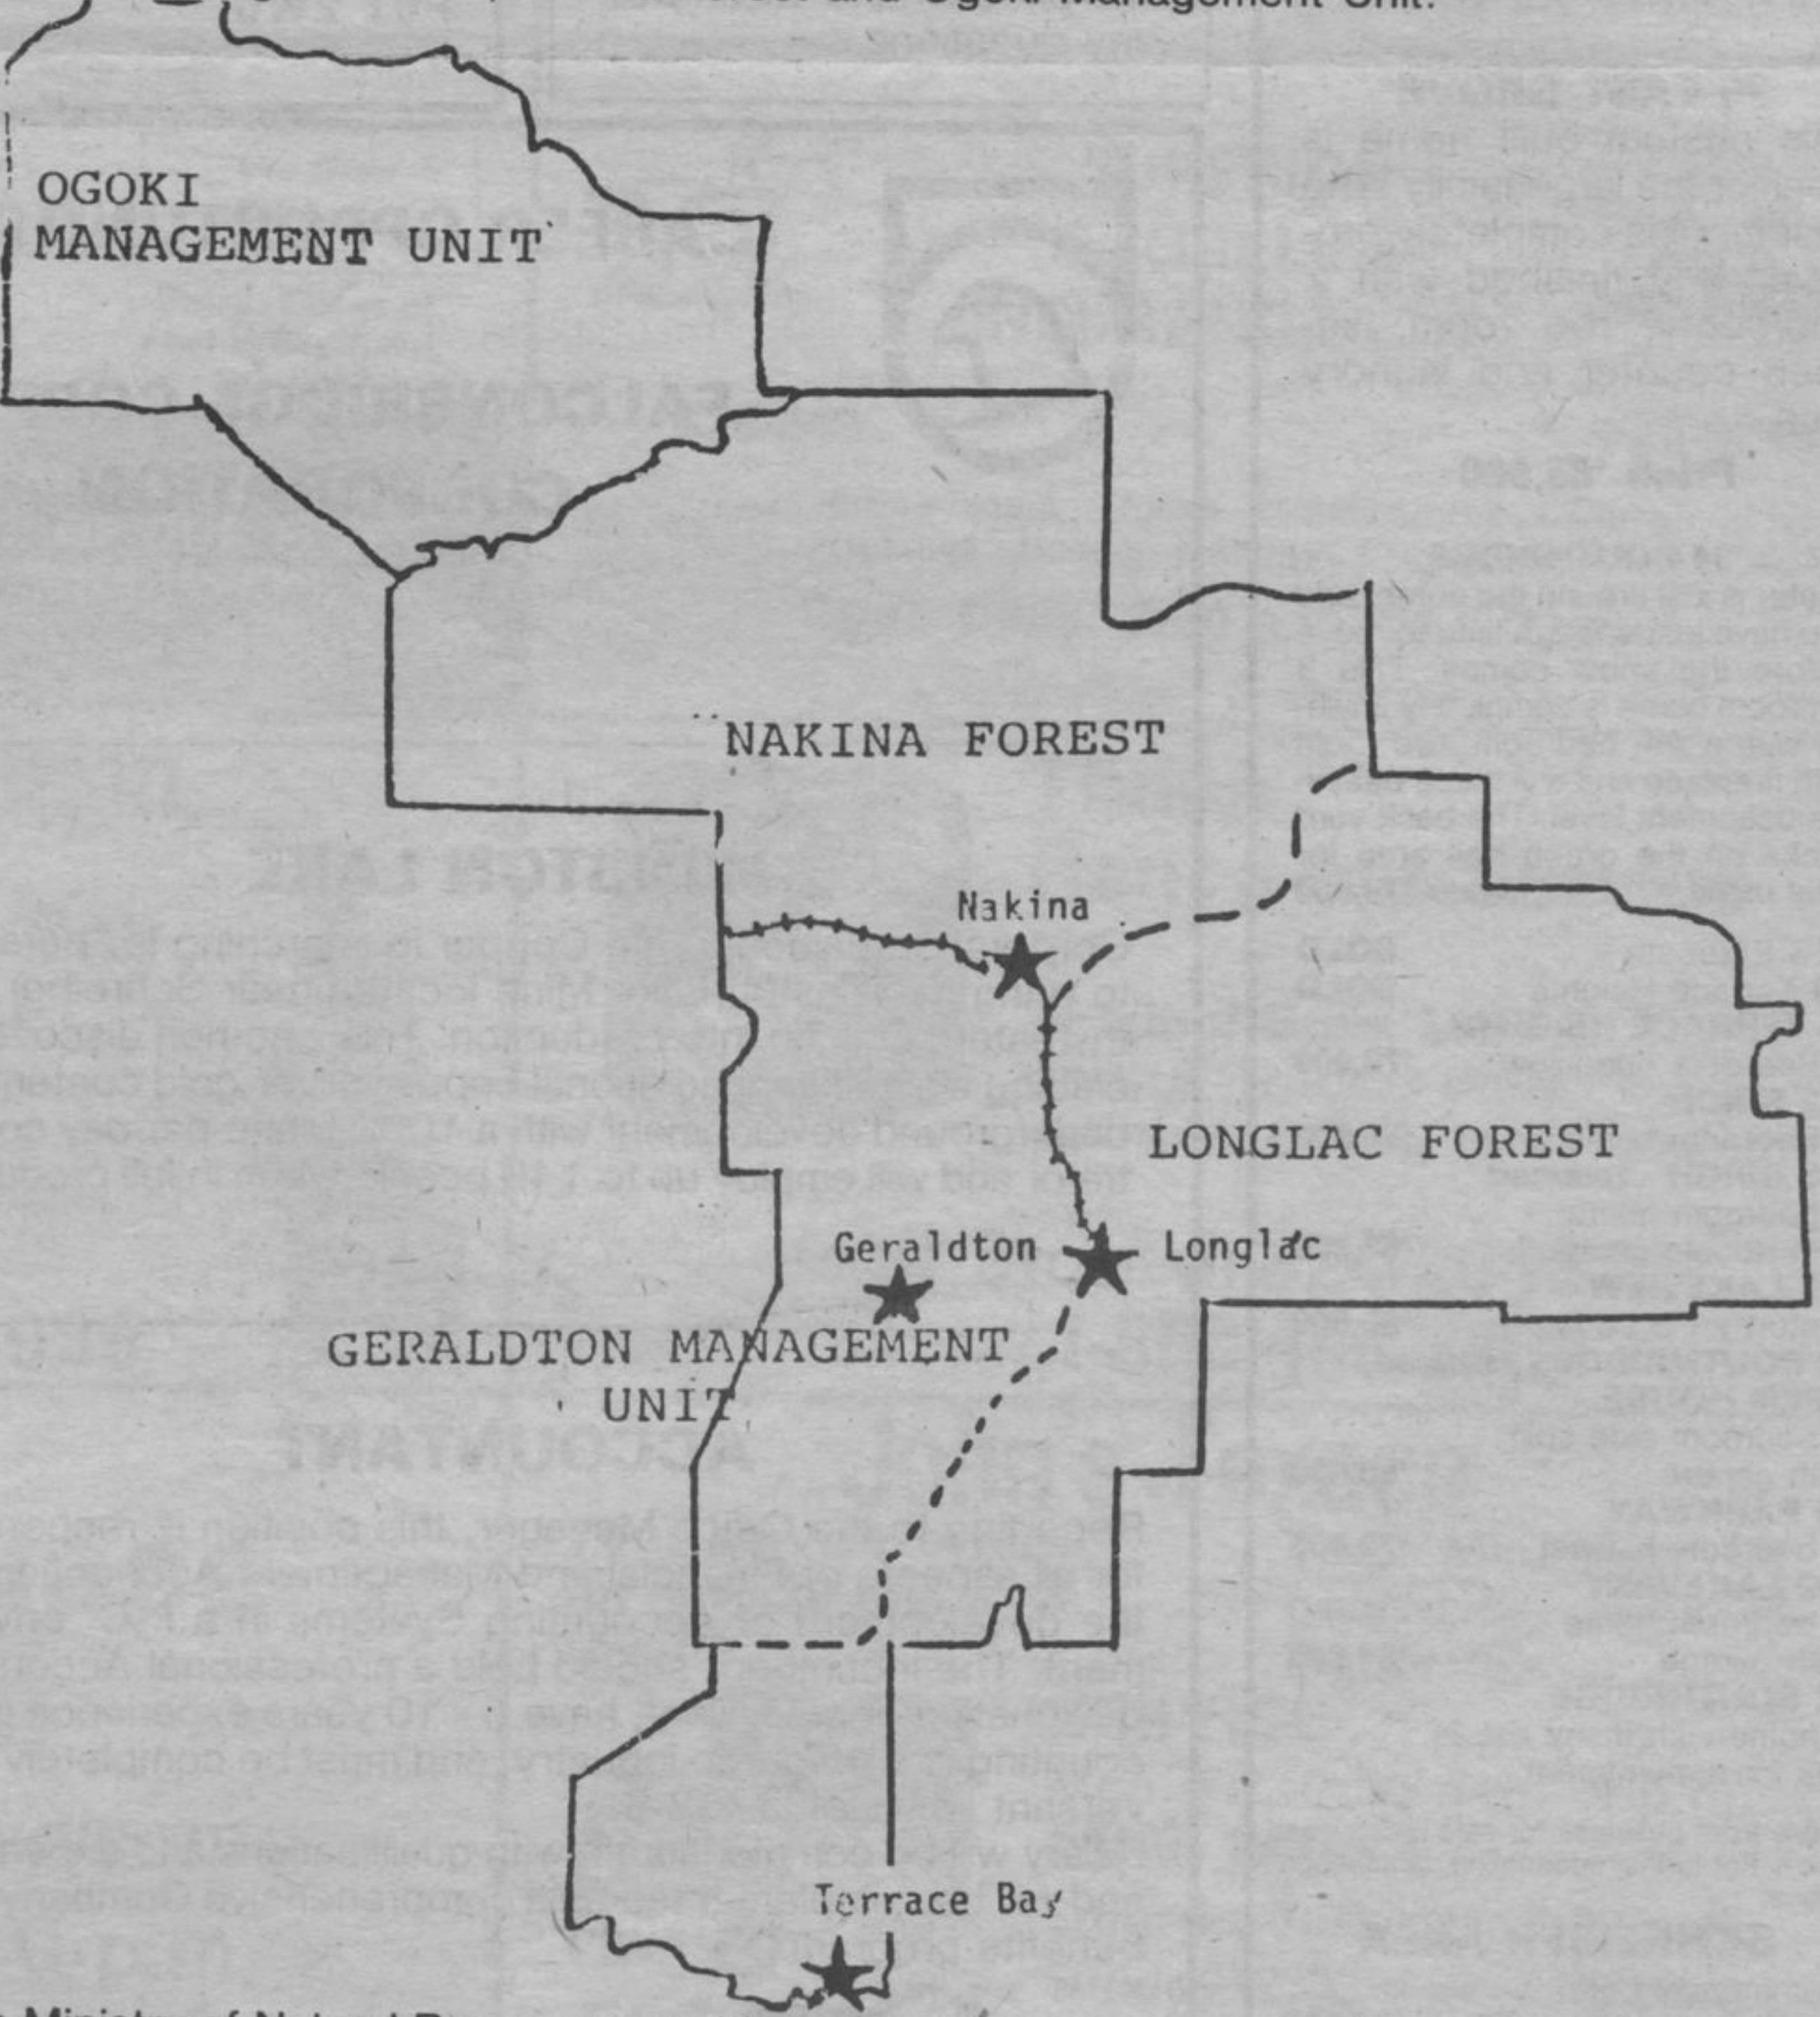

The appointment is announced of Mr. Ronald H. Stewart to the position of director-Northwestern Region, Ontario Hydro, effective October 1. Stewart, who served as general manager of Sudbury Hydro Electric Commission prior to rejoining Ontario Hydro in 1983, has extensive experience in the marketing operations division where he was manager of commercial and industrial marketing and manager of residential sales. His experience includes power costing, auditing, rates/hearings and area administration.

Jack Hamer is retiring as regional director after 46 years of service in Northwestern Region. His career posted him to every hydraulic station in the northwest and he joined the managerial ranks at Atikokan. He then transferred to Kenora as area manager, returning to Thunder Bay as area manager in 1967. He was appointed director-Northwestern region in 1981.

Ontario Hydro's Northwestern region services 11 municipal utilities, 16 direct industrial and approximately 36,000 rural and remote community customers in a 930,000 square kilometer area stretching east to White River, west to the Manitoba border and north to Hudson's Bay.
