

Police busy with auctions/accidents

Things have been busy this month at the Terrace Bay Police Office, with a number of incidents taking place, ranging from a dog bite to thefts in the area.

The Police Force also held its first-ever auction on Oct. 16 at the Police Garage. A number of seized and found items which had not been claimed by their owners were sold to the highest bidder, including an almost brand new 10-speed bicycle which went \$40. A pair of nearly new skates with the price tag still attached were sold for \$5. A camera, axe, snowmobile helmet, and sleeping bag were also among the items auctioned off.

In actual police business, local officers assisted Geraldton OPP with the investigation and subsequent charge concerning a recent motor vehicle accident.

Two people were charged earlier this month with speeding under the Highway Traffic Act. As a result of an abandoned vehicle, a Terrace Bay resident was charged with obstructing traffic. One complaint of threatening was also investigated.

The Police Force gave assistance

to the McCausland Hospital on several occasions to help with accident victims, locate ambulance calls, and attend regarding disturbances at the hospital.

A possible break and enter was investigated by police. No evidence was found, however, to confirm that unlawful entry had been gained to the building in question.

Two motor vehicle accidents in the area were investigated over the past two weeks. Both involved over \$700 in damages, and one resulted in a driver being charged under the Highway Traffic Act for starting from a parked position—not in safety.

Two reports of theft were investigated. One was from a local resident, and the other came from CP Rail. One complaint of a dog bite was investigated as well by local officers and representatives with the area Public Health office.

There were two separate complaints received of suspected impaired driving. In one instance, police were unable to locate the vehicle in the area, while investigation of the second complaint revealed the suspect had since parked the vehicle and ob-

tained a ride from another party.

Terrace Bay Police were called to attend a disturbance at a local motel. The problem was resolved on arrival.

Two driving complaints and one parking complaint were received, and the appropriate action was taken.

A report of vandalism to a public building was investigated and increased patrolling will take place in that particular area. A Criminal Code charge is pending on a local man for Breach of Conditions on his undertak-

ing given by a Justice on his recent release from court.

This latest police report for the News was dated Oct. 3 to 17.
