

Bits and Bites

By Helene Ballard

Well, another week gone by- time sure flies- before we know it Christmas will be here.

Meantime, we have shopping and baking to do so that will keep us all busy.

Last Wednesday, the ladies from Schreiber, along with some from town, came in for the weekly bridge game. Our residents look forward to this and they really enjoy it. So our

heartfelt thanks ladies for your kindness.

At this time I would like to say "Welcome to Mr. Ken Lusk" who I understand will be our new man in charge at the News office. I hope to be able to meet you sometime soon. (Editor's note: I had the opportunity of meeting Helene when I picked up her column last Friday).

On Tuesday the 11th, we had a very touching memorial service conducted by Pam Jones, with the able

assistance of the Birchwood Auxiliary ladies.

It is most fitting that we all take time off in our busy lives to think about and honor our war dead who gave their own lives to make this old world safe for us.

In our prayers we should also add some for God's help to make this a safe, peaceful world so that all these young lives will not have been taken in vain.

So to you, our loved ones, I say,

"Requiescant in pace- rest in Peace".

Now if any of you kind folks would like to be volunteers for Birchwood, it would be very nice.

Some of you gentlemen who are retired would maybe enjoy a game of cribbage and some of the ladies could help out with crafts, etc.

If so, give our Activities Director, Sylvie Angus, a call and have a chat with her.

You know there is a great deal of satisfaction in giving of oneself to

help others. So let's try and do this and we will thank-you, but most of all, God will bless you.

Until next time, keep warm, bundle up when you go out and don't catch cold. Now for my "Wee Joke".

Did you hear about the girl who swallowed her watch? Now she is taking epsom salts to pass the time away! Adios.
