CHILD TAX CREDIT PREPAYMENT PROGRAM

\$300 Per Child

If you qualify, your cheque is in the mail.

Who Qualifies?

You'll automatically receive an advance payment of \$300 per child if you meet the following conditions:

- Your net family income in 1985 was \$15,000 or less,
- You have a dependent child or children who will be under 18 years of age on December 31, 1986,
- You received a child tax credit this year for that child or those children.

Why is the government doing this?

The advance payment, a part of the child tax credit, is designed to assist over 750,000 low-income families with children. Among other things, it will reduce the pressure on these families to discount their child tax credit cheque.

What about the rest of my credit?

To receive the rest of your 1986 child tax credit simply fill out the child tax credit form on your 1986 income tax return. The maximum credit per child is \$454.00, up from \$384.00 in 1985.

And if I don't qualify for the advance payment?

If you received Family Allowance for a child or children this year, you may still be eligible for a maximum or partial credit. To find out, simply fill out the Child Tax Credit form on your 1986 income tax return.

For more information

See the insert in your November Family Allowance cheque or contact your nearest district taxation office. (The number and address are in the government pages of your telephone book).
