Come dance for the Dance for Heart

"All it takes is a little leg work," with Gwen, Lisa, Wendy, Maureen and Lorraine on Wednesday, February 18 at the Terrace Bay High School from 6 to 9 p.m.

'Dance for Heart' is a nation-wide fundraising special event that promotes cardio-vascular fitness and the development of regular physical fitness through aerobic and dance exercise.

Participants will collect pledges for three hours of fun and exercise.

The money raised through this event will be donated to the Heart and Stroke Foundation of Ontario to continue its

support of heart disease and stroke research.

Participants are eligible for incentive prizes such as pins, t-shirts, towels, gym bags and garment bags based on money they collect.

The organizers, the Heart and Stroke Foundation and the Terrace Bay Recreation Department, are inviting everyone- anyone over the age of 18 is eligible to participate in this evening of fun and exercise.

For more information and to register, contact the Terrace Bay Recreation Office at 825-3542.

- 2) drive him to the games;
- 3) cheer at the top of their lungs and
- 4) absolutely nothing else, unless explicitly requested by the coaching staff.

Now, back to the benched kid. Here, for Elise, is my very best advice for such a situation:

Ask the boy if he wants to continue playing hockey, the way it is now, before his mother revolutionizes the game.

If he does, let him play, and please God, let his mother stay away from the rink. If she does the boy will have a ball. He won't know he's supposed to be unhappy if his mom stops telling him to be unhappy.

Mom can find another cause, because moms always do (and so do dads).

If he doesn't want to play hockey the way the game is now, let him quit. I'll guarantee he'll find another outlet for his energies.

Either way, everyone will be much happier, especially the volunteer coaches who will, if nothing changes, be doomed to putting up with this child's mother until the boy finally quits on his own- as he surely will if mom continues to interfere.

And that would be a shame. Hockey is a great game, and almost all boys love it, whether or not they are any good at it.

Petition

Are you concerned about the number of people being killed on the highways in our areas? If so, sign this petition and bring it to *The News* office, lower level of the post office building, or mail it to the *News*, P.O. Box 579, Terrace Bay, Ont., P0T 2W0.

We, the undersigned,

demand decent, safe, well-lighted highways in our area. Our desire is to see a 4-lane divided highway between the junction of Hwy. 11-17 and Thunder Bay. Also, at least 3 lanes between that same junction and Geraldton. Enough lives have already been lost and we demand action now.
