## Former model Wendy Crawford speaks here during Police Week

By Ken Lusk

Persons in our area had the pleasure last week of meeting fairly-renowned speaker on the problem of drinking and driving, Wendy Crawford.

On July 5, 1984, at the age of 19, Miss Crawford was driving to the Toronto Airport to board a flight to Japan.

Miss Crawford was an aspiring model who had been involved in the business quite deeply, and on this night, she was to fly away to fulfill her part of a modelling contract.

On that fateful night, Miss Crawford's vehicle was hit from behind by a drunken driver. This driver already had two convictions of impaired driving. (On the night

of the accident his alcohol reading was .129).

A suitcase in the back seat flew forward because of the impact and shattered Miss Crawford's spinal cord leaving her a quadriplegic. She has limited movement in her arms and from the chest down she is paralyzed.

Miss Crawford told students at the Lake Superior High School on Tuesday, May 12, that the man who hit her has suffered no punishment at all- he got off on a technicality.

Miss Crawford is in the process of suing him, an insurance company and the hotel where the man was drinking.

Miss Crawford's ex-boyfriend was driving the car at the time. She said that he really couldn't handle

the situation- "He didn't want to watch me going through the pain." As a result they broke up.

Eventually he was ready to continue the relationship but Miss Crawford was involved in the relationship she is now with her fiancée, Scott Cowan. (He accompanies her everywhere when she tours).

### Police Week

Miss Crawford was invited to speak in Terrace Bay during Police Week. She talked to the high school students in the afternoon of May 12 and at the Curling Club lounge in Terrace Bay that night.

One of the messages Crawford gave was that it is OK to have a

### "Make sure it isn't you"

Shown above is Wendy Crawford and her fiancée Scott Cowan. Wendy was in Terrace Bay during Police Week to give her message, Don't Drink and Drive. Crawford and Cowan have been on the road now for two years. They appeared at the Lake Superior High School in the afternoon of May 12 and in the evening at the Curling Club. Miss Crawford's car was hit from behind leaving her a quadriplegic. (Photo by Ken Lusk).

### Vip

Above is the Gr. 5/6 class that graduated from the VIP course from St. Martin School on May 15. The students received hats, T-shirts and pins for passing the course designed by the ministry of education in co-operation with St.

Martin School and the Terrace Bay Police Force. Terrace Bay Police Constable Gary Callaghan, back left, was instrumental in the course as was Teacher Miss Bourgeois, back, far right. (See story on page 5. Photo by Ken Lusk).

## Stress seminar

The Aguasabon Chamber of Commerce and the Northwest Enterprise Centre are pleased to announce the "Joys of Stress", an evening with Mr. Walter Martin, at the Legion in Terrace Bay on June 11, 1987, commencing at 4 p.m.

Walter Martin, a clinical psychologist, is currently with St. Joseph's General Hospital in Thunder Bay. He contends that "all people experience symptoms of stress from time to time.

This is both normal and predictable. It is important to realize however that stress occurs in response to any demand on our systems. Things we enjoy that are demanding can be as stressful as things we dislike.

Contrary to popular opinion, most stress symptoms are not the result of mental disorder or serious personal difficulties."

Come out on June 11. Bring your employees, bring your spouse and learn how to recognize the symptoms of stress and some techniques to relieve them.
