## Bits and Bites

By Helene Ballard

Hello! It's that time again- boy time sure flies.

Before I go on here I would like to say a big "Thank-you" to Rita McBride for her thoughtfulness for all the mothers here at Birchwood.

When we went down for dinner on Sunday, May 10, we were presented with lovely corsages made by Rita.

This made Mother's Day special for all the ladies at the home- it was very kind of you to donate your time and talent for us.

We are so fortunate to have such nice friends, so once again Rita, our heartfelt thanks.

If our weather can warm up we will have some nice flowers to plant- Mina Mahoney has been busy in the greenhouse. She has several kinds of vegetables which are ready for transplant now.

One of our residents, Cliff Barker, was busy this morning getting the ground ready for

planting so we hope to have nice warm weather so we can soon enjoy fresh vegetables.

Our bridge playing friends were in on Tuesday, the 12th, and as usual a good time was had by residents and visitors alike.

As this is about all for this week I'll close with this wee bit of nonsense.

"Two friends met on the street

one day- not having seen each other for a long time, they had a lot of news to catch up on. One of the friends had been married for only a short time so he asked his friend if he was now a married man to which he replied, 'No way man, women are fun to be with, but they are hell to live with'."

"Adios"

Breathalyze

Shown above is Terrace Bay Council. Jim Ziegler taking a breathalyzer at the Curling Club as part of Police Week which ran from May 10 to May 16. At far left is Bernard Chasse, of the Terrace Bay Police Department and at far right, Dave Smeltzer, who conducted the breathalyzer test. Chasse, Ziegler and Ziegler's wife took part by consuming alcohol and then by taking the breathalyzer. It gave the participants the opportunity to see how much it took for them to be impaired.
