

Auxiliary Happenings

Auxiliary meeting

The May meeting of the McCausland Hospital was held on May 19 in the hospital cafeteria with 16 members present.

Regular committee reports were presented.

Special guests were Miss Jessie Wilkes and Miss Stacey Wallwin who presented their oral compositions on "Single-industry Towns" and "Parenting" respectively. Those present thoroughly enjoyed both compositions.

The auxiliary would like to have at least one "Love Seat" to loan for infants discharged from the hospital- these seem difficult to come by. The members will try to find a secondhand approved infant car seat that is in good shape.

A subscription to the *Times-News* was purchased so a daily paper will be available for patients' use in the Patients' Lounge.

Tickets for our Father's Day \$500 cash draw were distributed to members to sell.

The auxiliary would like to provide a "Reader Service" for patients in the hospital who are unable to read themselves.

We need to recruit people who are willing to spend perhaps one hour a week to read. It was felt that a reader should be the same person for continuity for the patient, if at all possible.

The Gr. 1 students from the Terrace Bay Public School presented the play "Three Billy Goats Gruff" under the direction of Mrs. Dora Trach for the patients on May 4.

The students were a delight to all who were in attendance. Cookies and juice were provided by Jennifer Gatz and her staff for the children before they returned to school.

Auxiliary members will take part in the Canada Day Celebrations where possible.

Plans are progressing for a Christmas Fashion Show to be held in late November on a Sunday evening.

Volunteers are required for the Gift Shop. This involves two hours every second week in the afternoon or one hour for an evening shift.

The wind-up meeting, June 15, will be a pot luck supper.

Lavallet, the president of Kimberly-Clark of Canada Ltd. and with Mayor Beaulieu to discuss the sawmill situation and other related issues.

I can assure you my government will do everything possible to assist in the reopening of the sawmill and to save the approximately 100 jobs which are at stake.

The Ministry of Northern Development and Mines is also working with the town on various projects to diversify its economy.

Canada's best long-term growth record.

Over the past 19 years, Industrial Growth Fund has achieved total growth of over 2400% (with dividends reinvested).

That means that \$10,000 invested in 1967 is now worth \$257,152.

For nearly two decades, that's a 18.37% average annual compound rate of return - a direct result of the conservative but growth-oriented money management strategy of Mackenzie Financial Corporation.

When your investments demand the best long-term performance, why settle for anything less?
