

Ministry and teachers assist with *Endangered species* - subject of school projects

continued from page 1

bility is to the environment.

Mrs. Pyhtila said that he suggested ways that people could be more responsible.

He suggested who can help and what can be done to protect the environment.

The students can write to their member of parliament and talk to the media to draw attention to their parents to remind them not to pollute.

The Gr. 7 project included a presentation with the end result

being a display of their projects.

The Grs. 7 and 8 projects also included complying charts of products, ingredients, food products and clothing that come from endangered species.

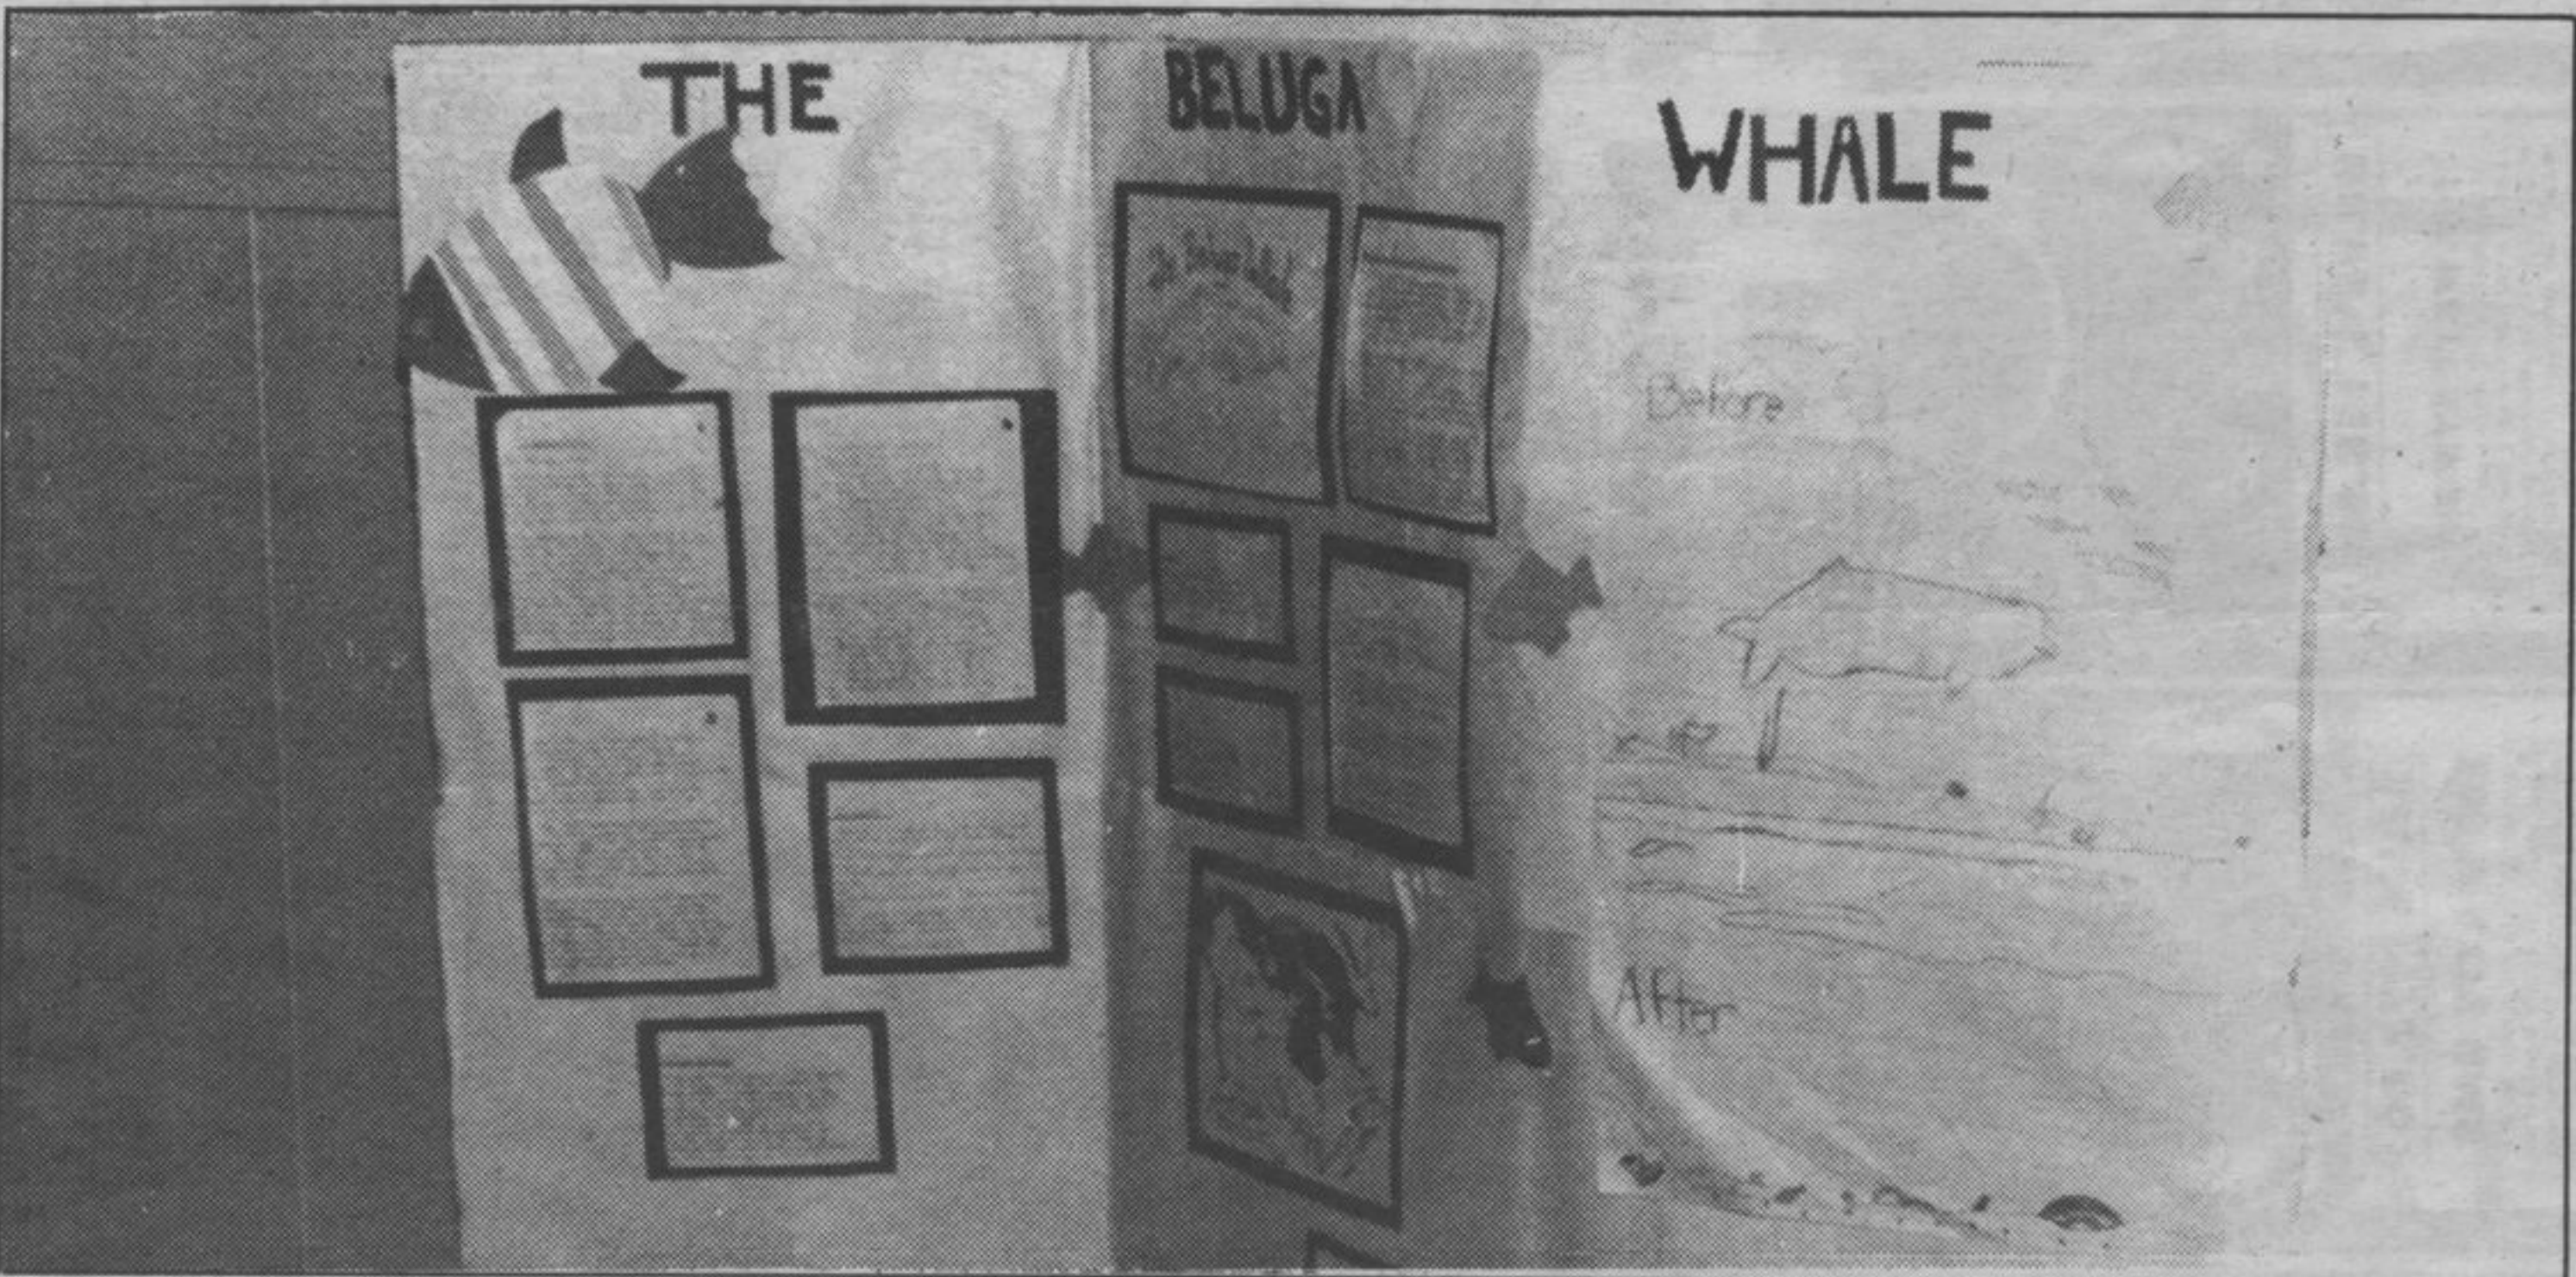

Mrs. Pyhtila told the *News* that

endangered plants were also a part of the discussion.

She said that a survey was taken with the students to see what they believed is the main cause of these species being endangered.

The Gr. 8s, Pyhtila said, believed the #1 cause to be hunting. The Gr. 7s believed it to be because of poisons in the environment.

Pyhtila said the #1 cause is man destroying his own habitat.
