Vol. 42. No. 25

Serving Terrace Bay, Schreiber and Rosspport 35¢

Official opening

The official opening of the Schreiber Fire Hall was a grand affair on Saturday, June 20. Fire Chief Peter Doig, left, and Schreiber Reeve Mike Cosgrove, right, partook in the official hose-cutting ceremony. The Fire station, which is also a training facility, was built at a cost of \$380,000. MPP for Lake Nipigon Gilles Pouliot was at the opening and he said that it was a pleasure indeed to be there. He brought greetings from the government of Ontario and the federal government. He said a fire station is one of the most important of essential services. Reeve of Terrace Bay Ollie

Chapman brought congratulations from the council and people of Terrace Bay. She said that Schreiber has a knack for going about getting things that it needs- the people have a good way of working together she said. Fire personnel from other communities such as White River, Terrace Bay, Thunder Bay, Marathon and Manitowadge were also in attendance, as were two retired Fire Chiefs of Schreiber, G. Birch and Ed Borutski. Schreiber Clerk-treasurer Auriel Gauthier said that the hall was built totally from the resources of the town- goodwill and hard work also, he said.

Boating accidents down

Boating deaths down- Last year boating-related deaths fell 45 per cent when compared to 1985 on waters patrolled by the Ontario Provincial Police.

"During 1986, 55 people died in boating incidents compared to 100 deaths the previous year. We attribute this dramatic decline to a marked change in the public's attitude about boating safety and impaired boating," said OPP Commissioner Archie Ferguson.

Part of this change in attitude can be attributed to the OPP

Marine Awareness Program. While the main thrust of this program is public education, 250 officers of the OPP Marine Units will again be firm in dealing with violators this summer.

When on patrol, each of the OPP's 105 boats will be equipped with an alcohol breath tester (the same type as used in patrol cars) to determine if the operator of a boat has been consuming alcohol.

Last year a total of 29,671 boats were checked by the OPP Marine Units.

This summer OPP Marine officers will be on the lookout for unsafe boats, overloading, lack of safety equipment such as life jackets, careless waterskiing and reckless boating.

"Having a safe boating season is no accident. Only through public awareness of the rules of the waterways can we make Ontario's rivers and lakes safe for everyone," said Commissioner Ferguson.

Police Chief to leave post

Following the resignation of the Township of Terrace Bay's clerk-treasurer, Terrace Bay's Police Chief, R.N. Phillips, has also announced his intents of leaving the community.

Chief Phillips told the *News* that August 29 will be his last as Police Chief. As of September 1, 1987, Phillips will be the new Police Chief of Dryden, Ontario.

Phillips said his decision to leave Terrace Bay is simply because he looks forward to policing a larger centre.

Phillips, a native of Southern Ontario, said that he was offered the position, and quite simply, accepted.

The Dryden Police Force is a fairly large one with about 15 men and five civilians on staff, Phillips said. The population of Dryden is about 6,500 people.

"I've enjoyed my time here," Phillips said. "The merchants and the townspeople have been very co-operative. We've had a good working relationship which made for good policing- a good atmosphere."

"The community programs have been exceptional- well supported from the community."

Phillips said he hopes future programs will continue to get the same support.

Phillips and his wife Anna (Chief Lab Technologist at the McCausland Hospital) have three children, Drew, Scott and Meagan. Phillips said his wife has accepted a lab position with the hospital in Dryden.

Many programs

In the time that Phillips has been on the Terrace Bay Police Force, he has been involved

Chief R.N. Phillips

deeply with the schools. He said he appreciates the co-operation of the students and staff, as well as the co-operation in other areas from Kimberly-Clark, Minnova Inc., and all the local merchants and the people from each community.

Phillips said a good working relationship also existed with the service clubs such as the Moose, the Legion and the Kinsmen. "The support of these clubs made some of the programs so successful," he said. Phillips also thanks Terrace Bay Council for its support and co-operation in the last several years.

Father of the year contest winner

Why We Think Our Dad Is The Greatest

Our Dad is the greatest because he is the most understanding and gentle person in the whole world. He is not like other Fathers at all. He's better!

We think our Dad is the greatest because he puts up with the four of us. Many men go up to our Father and say that they are so sorry for him, because he had four girls, and NO BOYS.

We really know that he loves every minute (hour) he loses in the bathroom, the curling irons lying all over, the sudden panic when we run out of hair spray, and of course the LOUD, SCREAMING fights about whose night it is to do the dishes, or who ate the last piece of cake.

Things like this our father would definitely miss if he had all boys. Of course, if our father did not have us, he would not have anyone to wear his t-shirts to bed, or his sweaters to school, so for all the waiting for the bathroom, and for all the yelling and screaming, and for all the clothes missing,

Dad you're "The Greatest"

We all promise to leave your clothes alone for the day.

Love Forever and ever,

your daughters, Cathy 15, Beverly 13, Jennifer 8 and Stephanie 4.
