Each student received a Bible and a Crucifix which is evidence of the nine years of successful work done by each and every student.

Anne Todesco remembers the derby

lighthouses. The Weibens were always part of the entertainment for those who remained ashore.

A trip to Rossport for the derby can be classified as a great expedition for all members of the family.

Dances and food bars were

planned, a beer garden is something new in the last couple of years, and other excitement could be on the planning board but for sure the Lakehead Scotch Pipe Band was in attendance this year which brought back many happy moments when they were present at former derbies.

Our population was swelled by a few thousand enjoying thrilling adventures either canoeing, lis-

tening to the pipe band or renewing old acquaintances with old friends in our village situated on the shores of the clear blue waters of Lake Superior.

The derby was curtailed for three years owing to the encroachment of the lamprey eel that preyed on the lake trout. Now under control, the fish are coming back with many natural trout of good size being caught.
