

# Terrace Bay Recreation Department News

### Tot Lot Newsletter

Well, Tot Lot is on its second week and the Tot Lot Staff are quite busy.

So far Tot Lot is having a good turnout this summer. During the past week the children were busy making flowers, wearing costumes for one day and doing many other arts and crafts.

Next week the children will be kept busy with the following programs:

Crayon or charcoal rubbings, colouring animal pictures, making chains from bristol board, having fun on water day, collecting and painting some exciting pet rocks.

There will be another Movie Day, and also some exciting visits to the hospital, police station and the fire station.

### Swim Pool news

Lessons for the July session are coming to an end at the Terrace Bay Swim pool, and everyone is excited about the second session which will be starting August 4 and running until August 22. Deadline for registration is Friday, July 24.

Next week various fun events will be taking place in the mornings, some of the events will be a polar-ice day, scuba day, pool toy day and many other fun events.

Look for the notice of these events to be posted at the pool. Try not to miss this week at the pool because it is going to be fantastic!!

### Minor Ball report

With only two weeks left on this year's Minor Ball Schedule, all players and coaches are asked to make an effort to attend all games.

This past weekend the Seniors and Teen- Ball leagues were scheduled to play in Schreiber, with the Junior League playing in Terrace Bay, but due to the rainy weather all games were cancelled.

On Saturday, July 25, the Terrace Bay and Schreiber Junior teams will play against one another at the Schreiber High School and Holy Angels fields.

Don't miss out on the action, come out and cheer your community on.

### Schreiber- Success after 14 years

The North of Superior R.C.S.S. board wishes to announce approval by the ministry of education for new facilities at Holy Angels School in Schreiber.

After requesting a new gym-auditorium for 14 consecutive years, funds of approximately \$1 million for a gymnasium-auditorium library resource centre and other spaces has been approved.

This capital funding is part of nearly \$6 million of capital projects approved for the North of Superior R.C.S.S. board.

**Terrace Bay- St. Martin to get major facelift.**  
**St. Martin improvement and renovations.**

Recent announcements by the ministry of education provides capital funds of approximately \$220,000.

The funds will update older sections of the school, repair roofs, and improve on energy conservation.

### Complex closure

We wish to inform the commu-

nity that on Monday, August 3, 1987, the Terrace Bay Recreation

Complex and pool will be closed for public use due to the Civic

Holiday.

Sorry for any inconvenience.
