Education minister's trip cancelled last Saturday

By Hadley Koltun
Special to the *News*

What was supposed to be an endorsement of Liberal Candidate Herman Mannila by Education Minister Sean Conway was cancelled due to bad weather.

Mr. Conway was expected to arrive in Terrace Bay on Saturday, September 5, but he was fogged in in Sudbury, Ontario.

Mr. Conway had intended to come to Terrace Bay to endorse Manilla, Liberal Candidate for the Lake Nipigon Riding.

Conway was unable to attend a reception at the recreation centres

in Terrace Bay and Schreiber.

Prepared to respond

Fortunately, Manilla and his staff were prepared to discuss the issues in the clear and comprehensive manner which has characterized the Provincial Liberal campaign.

Manilla, who resides in Nipigon, Ontario, is concerned about the mass exodus of the younger generation from the North to the larger urban areas of the South, such as Toronto.

Manilla would like to see the youth involved in research projects in forestry and regional

development.

He claims that he would rather listen to what the people of the Lake Nipigon riding want.

Manilla believes that the Provincial Government, which is based in Toronto, quite often does not fully-understand the impact much of their decisions have on citizens of the North.

Manilla claims he will not "make any promises until they can carry out plans for economic diversification.

"Mr. Peterson is really committed to the North," he said.

In Terrace Bay

Above is Liberal Candidate for the Lake Nipigon Riding Herman Mannila. He is shown canvassing at the post office in Terrace Bay for the upcoming election. Mannila's opponents are PC Candidate Vic Fournel and NDP incumbent Gilles Pouliot. As part

of his campaign, Mannila went to places such as Fort Hope, Webequie, Big Trout Lake and other small centres. The Mannila team of Hector King, Lloyd Hansen and Bernard Baxter also visited the Pickle Crow and Pickle Lake regions.

Kimberly-Clark sells its sawmill

Kimberly-Clark of Canada Limited announced on Monday, August 31, that they have reached an agreement, in principle, to sell their Longlac sawmill to Lecours Lumber Company of Calstock, Ontario.

The final sale is contingent upon Lecours Lumber Co. Ltd. reaching agreements with the Ministry of the Environment for sawmill waste disposal, and the Lumber and Sawmill Workers' Union for labour contracts.

Timber allocations to supply the sawmill from the Kimberly-Clark timber licence area will be determined by the Ministry of Natural Resources with consideration for Kimberly-Clark's and other companies' requirements.

Lecours Lumber Co. Ltd. will produce most of the Longlac sawmill log requirements, harvesting under Third Party Agreements.

The balance of the log supply would be produced from Kimberly-Clark cutting operations, exchanging 16-foot logs for 8-foot pulpwood produced from Lecours' cutting operations.

Kimberly-Clark closed the Longlac sawmill on May 15, 1987, laying off 61 sawmill employees.

Terrace Bay Boy Scouts in need of community aid

The Group Committee for the Terrace Bay Boy Scouts is in need of adult help.

Primarily, we are again short a committee chairman and at least three committee members.

Russ Phillips has left our group after doing a great job as chairman, and he will be greatly-missed.

Also, we are in dire need of a cub leader and assistant leader or leaders.

Reg Gagg and his wife Ann filled those positions last year on a short-term basis.

We need somebody who will be able and willing to hold the position for at least a couple of years.

If we get no response there will be no cubs this year and ultimately that will start a decline of the scouting movement in Terrace Bay.

That would be a shame now that we have such a good and capable leader for the scouts.

Ken Benoit has started a great deal of interest in the scouting program with some of the conservation programs he and the ministry have started.

Since he has taken over with Moe Stark as assistant, the number of boys has more more than tripled.

There is also great interest for the Beavers led by Sam Harris and assistant Warren Pearen.

Beavers are aged five years to eight years and there has been an average of 20 boys in the group.

When the boys reach eight years of age they are too big, so they swim up to cubs.

Each year there are about six to 10 boys that swim up and if there are no cubs there will be no place for them to go.

This would therefore have an adverse effect on the Beaver colony and nothing for the boys to look forward to after Beavers.

So please, if you feel you can help in any way, either as a leader or on the group committee, please contact Charlie Matson, Forest Notwell or Dave Kaiser.

We also accept mothers as leaders. Please call.

Good luck students this year in school
