# Councillors to meet with minister

The News

On Dec. 17 Terrace Bay Councillors Jim Ziegler and Chris Joubert will have a private meeting with the Minister of Transportation and Communications, Ed Fulton, in Toronto to discuss the problem of the Terrace Heights subdivision entrance and Ridgewood Drive.

Ziegler says there is a definite danger there due to the fact there is only one entrance or exit from the subdivision to the town and vice versa.

He is concerned that if there is an emergency or disaster, there would be total chaos with overcrowding.

Not only is Ziegler concerned about an emergency, he believes there is a constant danger there, especially because of the steepness of the grade.

He noted that only two cars at one time can sit at the intersection. The third and any remaining cars are on a downward slant which Ziegler believes is a danger.

This is especially hazardous in the winter Ziegler told the News.

Ziegler continued that the Shell gas station at that intersection has two entrances/exits of its own which only adds to the problem. There is also a crosswalk for school children there he said.

The Terrace Bay councillor wants to have the Ridgewood

road opened up and used as another exit and entrance.

Ziegler took photographs of the entrance to Terrace Heights and these he will add to the information he has on file about the intersection.

All these facts will be presented to Ed Fulton on Dec. 17.

"The MTC (Ministry of Transportation and Communications) keeps putting us off," Ziegler said.

He added these delays have lasted for about eight or nine years, since the time the subdivision was put in.

### Concentrate transfer access road

Ziegler is also a bit peeved that the MTC approved the access road off of Highway 17 in Schreiber that leads to the CP Rail mine concentrate transfer facility.

"I want the minister (Fulton) to be aware the MTC approved the entrance in Schreiber," said Ziegler.

The MTC told Ziegler Ridgewood could not exist as

another exit/entrance because it is not 1,000 feet from other roads and other traffic particulars, notably Terrace Heights Drive.

The MTC says two roads such as these have to be at least 1,000 feet away from each other.

Ziegler does not believe there is 1,000 feet between the access road in Schreiber and the merger lane that connects to Highway 17 beside the Petro-Canada station.

**Meet with premier**  
Terrace Bay Councillors Ziegler and Joubert are in Toronto

as part of NOMA (Northwestern Ontario Municipal Association) conference there.

At the last NOMA, many resolutions were passed relating to municipal concerns in the North.

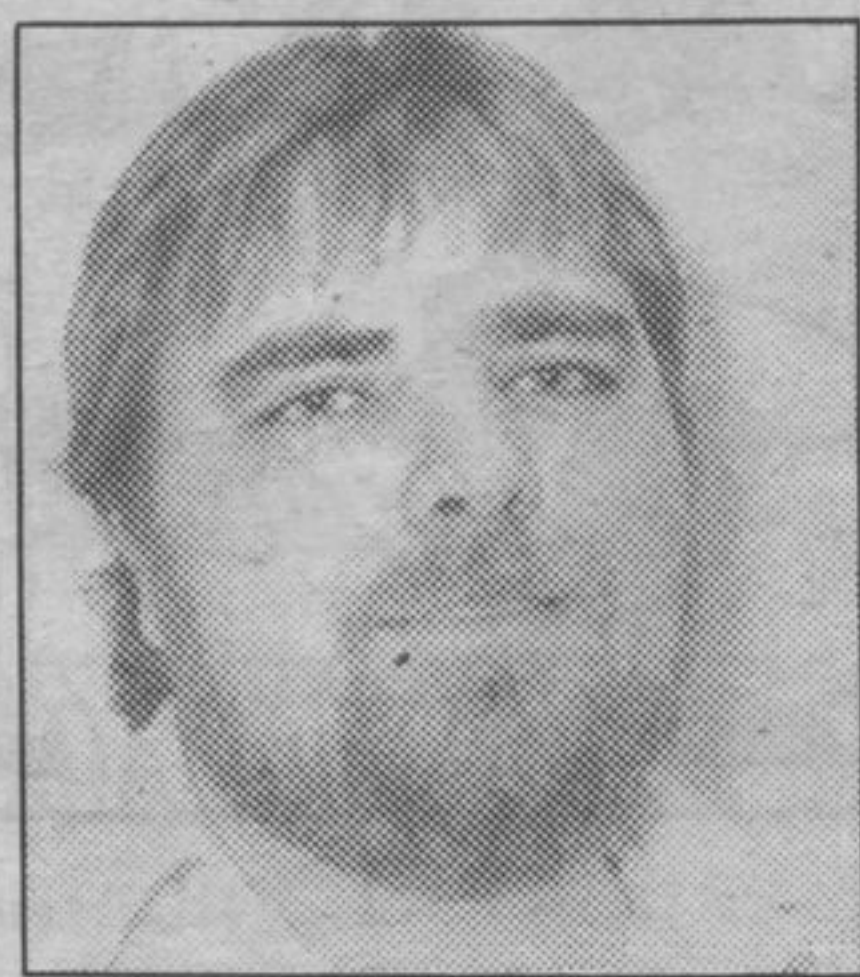

Today, representatives from various municipalities are meeting with Premier David Peterson and Cabinet.

The reps will present these resolutions to them and then it is up to the government if they will act on any of them.

Ziegler and Joubert received the appointment to meet MTC Minister Ed Fulton through Gilles Pouliot, MPP for Lake Nipigon.

Proponent: Ministry of Natural Resources

The Ministry of the Environment has now completed the Review of the Class Environmental Assessment for Timber Management on Crown Lands in Ontario submitted by the Ministry of Natural Resources.

The Minister of the Environment has given a Notice of Receipt of the Environmental Assessment and Completion of Environmental Assessment Review dated December 10th, 1987.

The purpose of this Class Environmental Assessment is to obtain approval for the activity of timber management on Crown lands in Ontario. The Class EA includes a planning procedure which will ensure that environmental effects and public input will be considered in the planning and implementation of all MNR Timber Management Plans on Crown lands in Ontario.

Copies of all Notices, the Class Environmental Assessment and the Review are available for public scrutiny at:

- All Ministry of Natural Resources and Ministry of Environment Regional Offices in Ontario.
- All Ministry of Natural Resources and Ministry of Environment District Offices in Northern Ontario.
- Main Office Library of the Ministry of Natural Resources in Toronto.
- The Environmental Assessment Branch of the Ministry of Environment in Toronto.
- The Environmental Assessment Board Office in Toronto.
