

## Transfer facility hearing is set

continued from page 1

He said there are meetings and discussions going on right now, and "we'll see what happens."

Because the Ministry of the Environment approved the transfer facility, Cox said CP had hoped to be operating there as soon as the mine started up.

The ore that is being drilled

and blasted out of the Winston Lake mine is reduced to a copper and zinc concentrate.

It is this concentrate that is causing so much concern for Renaud and the other residents.

This concentrate is to be shipped to Quebec for further refining and purifying.

### THANK YOU

I would like to thank my wife and family, friends and all those who attended from Thunder Bay and surrounding area for my recent retirement party held recently in the Schreiber Curling Rink. Also thanks to the Township of Schreiber and employees who attended the supper at the Restaurant LeBlanc, for the many gifts and money collected and all the Best Wishes. Your thoughtfulness and kindness will long be remembered.

Jack Whitton

## High School students submit their drawings

In November, 1987, several Lake Superior High School Art Students submitted drawings to Kimberly-Clark officials for the Kimberly-Clark of Canada Ltd. page in the 'Christmas Newspaper Issue'.

We are very proud of these students for their enthusiasm, time, effort and talents. To Wayne Slawson, Pam Metcalf,

Paula Dodd, Michelle Lydon, Vikki Scott, Mike McLeod, Tanya Ditchfield, Cheryl Slawson and Michelle Henri, a hearty "Congratulations" (see photo above).

Vikki Scott's drawing was chosen for the Kimberly-Clark of Canada Ltd. page. Vikki was presented with a cheque for \$100 by Mr. Gerry Withers; Mr. Jack Lavallet presented Paula

Dodd with a cheque for \$25 for her design, which received Honourable Mention.

Congratulations Vikki and Paula from the staff and students of Lake Superior High School.

The Visual Art Students would like to extend their thanks to Mr. J. Lavallet and Mr. G. Withers for this opportunity.
