**THE EASTER BUNNY'S  
SURPRISE**

*One day the Easter Bunny was so sick. She did not know what to do but she had to do something because tomorrow was Easter. So her mother took care of her. Easter Bunny said, I better get better soon because tomorrow is Easter. All of a sudden she had 14 babies. They were really cute. When the Babies were big enough they could lift tons of baskets. Still the Easter Bunny couldn't go so she asked the little bunnies if they would like to do a good deed. They said yes. Very well said the Easter Bunny. So the baby rabbits took the baskets and went from the house delivering the eggs. From that day on, the Easter Bunny helped their mother deliver eggs every Easter.*

**THE EASTER RABBIT**

*The Easter Bunny is nice. One day I almost saw him. I ran and saw his tail. It was big and fluffy. I ran to the kitchen. Then I saw his foot. I ran to the deck. I almost saw him. It was dark. The time was 6 O'clock in the morning. Then I looked for some Easter eggs. One was under the chair, two were in the cupboard. Six on the pillow and fifteen in my room. I looked out my window and saw him on the Street running away like he was in a race running down the road like a bullet. I ran after him. I did not find him. Maybe I will see him again next year.*
