

CATScan Save Lives: Karen Crowe, third from far right, happily accepts a bevy of cheques donated to her by representatives of various Schreiber organizations.

Crowe, the executive assistant of the Northwest Ontario CATScan Fund, travelled from Thunder Bay on July 28 to receive cheques totalling \$6,033.15, the total of which was canvassed and donated by residents of Schreiber. Presenting the monies are (l - r): Beth Macadam, chairperson of the local CATScan Campaign; Ken Davis, president of the Chimo Senior Citizens Club; Helen Jartus, co-chairperson of the Fund; Crow; Mike Cosgrove, reeve of Schreiber; and Skip Davis, President of the Legion Auxiliary. Crow told the group that the campaign has already surpassed the half-way mark, and is well on the way to raising the necessary \$1.5-million, but the drive is still ongoing. She said about 25 people per day are benefitting from the CATScan machine, which is located in Thunder Bay, but serves Northwest Ontario.

Senior Volunteers sought to help peers

Positions available in Terrace Bay, Rosspport and Schreiber

The Senior Volunteer is a retired Ontario Senior Citizen (at least 55 years old) of either sex, who enjoys reasonably good health, is mobile, knows about his/her community and is willing to commit himself for a year initially to the service of other seniors in his community.

The Senior Volunteer must live in a community with a population of less than 25,000 people and in a community that does not already benefit by the services of a Senior Volunteer.

Once the volunteer has familiarized himself with his own community resources, he/she is then equipped to begin the peer counselling role. The primary service that is provided is one in which the Volunteer acts as an enabler or facilitator.

He identifies the needs and sees

that they are being met by helping the individual receive the aid required. This involves knowing a little about all the services that Seniors might use and by being able to put the person in touch (face to face, telephone or by mail) with the resources that can solve the particular situation.

In addition to the liaison role, the Volunteer must also react to individual needs in his respective community by: providing actual service (e.g. visiting a lonely individual in the hospital) or by arranging for others to meet the need (e.g. seeing that he is visited by someone else);

by co-ordinating social events or by planning for community change.

At present, there are 16 Senior Volunteers located in communities across the District of Thunder Bay such as Nipigon, Red Rock, Nakina and Manitouwadge.

These volunteers are playing a vital role in assisting fellow seniors in their home communities.

Profile of Senior Volunteer

Depending upon the community, the Senior Volunteer could be involved in any combination of the following:

- visiting a shut-in
 - knowing where to refer a senior for assistance or information on Seniors Programs (e.g. Senior housing)
 - going with someone to a Home for the Aged to find out
- See "Volunteer" on page 7

Thank You

Thanks to all the people who called, visited, and sent cards while we were in Thunder Bay.

Special thanks to Donna and Judy for taking Mom to the hospital, Sue for keeping her company in the helicopter and Jeff, Jim and Bob for taking care of the house and Dad.

Love
Rylee Robson

By Helene Ballard

Hi readers! Well I guess July has just about had it. Summer is going by, and with the winter catalogues out it seems like we are rushing toward winter!

We want to send our congratulations and best wishes to Mr. and Mrs. Paul Sigurdson on the birth of their baby daughter. I understand mother, baby and father are doing well. We are looking forward to seeing the new baby.

Our activities gal, Sylvie Angus, is back from holidays and is busy with planning outings for the residents. It's nice to get out now because the winter is long and many of us are not able to go out in the cold. As well, we all have the fear of falling on the icy sidewalks.

No doubt many of you are busy getting ready for the Fall Fair. We

enjoy this event. It's sort of a 'friendly gathering' and we can see folks we have not seen for a while due to summer vacations.

Guess that's it for this week, so until then, this joke:

A woman who runs a nursery school was delivering a station wagon-load of kids home one day when a fire truck zooms past.

Sitting on the front seat of the truck was a Dalmatian dog. The children fell to discussing the dog's duties.

"They use him to keep the crowds back," said one five-year-old.

"No," said another, "he's just for good luck."

A third child said in a voice of authority: "They use the dog to find the fire hydrant. End of argument."

Until next time, au revoir.
