

# These are your Candidates

### Ed Borutski

After ten years as a councilman, I'm still interested in serving and listening to your needs by making sensible and sound decisions.

Your council has completed many projects, but I know many projects need to be finished and I feel many new ones started.

With the Official Plan now in place, grants are available for new

projects such as neighbourhood improvement and revitalization of our downtown core.

An expansion of the existing sewage system is vital to the opening of subdivisions, so we can meet the needs of new and local citizens.

Decisions must be made concerning the status of the cemetery, upgrading of the Hydro system and the future of our Town Hall.

I feel I can meet these and other concerns. Thank you for your support over the last ten years, and I look forward to your continued support this election.

### Alberto Costa

My name is Alberto Costa and I am running for the position of council in the coming Schreiber municipal elections.

A few of my concerns are: better

services for seniors, sidewalks, better drainage for our streets (storm sewers) and proper paving of our streets.

I have the time, ability, and energy to help Schreiber expand for a better future in the areas of opening new lots (commercial and residential) also the promotion of businesses (small and large) to start up in Schreiber.

As a councillor I will be working closely with the Reeve, the rest of the council, and other government agencies plus the residents of Schreiber for a better community.

Please vote for me and help me help Schreiber catch-up with our neighbours of the north.

If you need a ride to the polls, free rides will be provided, compliments of North Shore Cab- call 824-2000. Thank You.

### Douglas F. Caldwell

I was brought up in Schreiber and moved to Terrace Bay in 1957 when my wife May and I were married. We have 5 children, 3 of whom still live and work here.

I have worked for Kimberly-Clark for 35 years, in services, pulp, town-site electrician, maintenance electrician, and presently maintenance coordinator.

Eighteen of those years on the negotiating committee and eleven years as President of the I.B.E.W. in Terrace Bay.

As a long time resident I would like to see some changes made in the way our tax dollars are being administered.

I Care Please vote Caldwell.

### Tom Falzetta

My name is Tom Falzetta and I have been a resident of Terrace Bay for 35 years. I am married with two children about to enter our school system. This is my fourth year sitting on the board of directors for the Terrace Bay Credit Union.

Two children about to enter our school system puts education high on my list of concerns. I am deeply troubled as to why some of the teachers within our board send their children outside our school district for their secondary education. Why must high school students wait till next semester to take certain credits?

Why does our school board cry about a lack of money then build a new administrative office? Why after so many years must this office be in Marathon?

What is our school board doing in the real estate business? Why was this years tax increase twice the rate of inflation?

With your support on November 14th, I will find the answer to these and many other areas of concern. I will do my best to ensure that the students within our board get the best possible education for our tax dollar.

### Jon Ferguson

I taught in Terrace Bay High School from 1964 to 1978 when I retired. My wife and I raised six boys in Terrace Bay. Three went on to university, and one is completing his high school at present.

I have always maintained an interest in education and contact with students. I feel the aim of education is to stimulate and supply the need of knowledge, maintain good mental, moral and physical health.

I am disturbed by the number of students leaving our schools and completing their education in Thunder Bay and elsewhere.

It is also apparent our students do not remain in school all day because they are unable to fill their timetables. This will lengthen their years in high school and possibly dilute their education.

The cost of education is high, and we should demand a quality product. I'd like to do something about these and other concerns with your support.

### Lise Goedhard

Chers francophones,

Je crois que je peux combler le poste de conseillère scolaire avec succès et avec une voix positive et décisive en éducation pour vous.

Je veux voir aux besoins de nos enfants, de nos professeurs et de nos directeurs/directrices d'écoles au niveau administratif. Je me présente avec une détermination à réaliser l'excellence en éducation et voir la croissance dans nos écoles. Je veux que notre Conseil, Section de langue française, établit ses priorités en éducation.

C'est la communication, la participation et l'interaction de nos jeunes au niveau scolaire qui encouragera leurs aspirations personnelles en éducation et un amour et appréciation pour leur langue et culture canadienne française.

J'aime ça voir à l'école des célébrations qui réunissent l'église, l'enfant et la famille dans une ambiance française. J'aime ça voir des sourires, la joie sur sur les visages de nos enfants lorsqu'ils ont la chance de s'exprimer dans leur langue, la langue française. Et je suis très fier et très fier et j'ai la confiance dans un système scolaire qui permet et encourage le développement culturel et la foi chrétienne d'un peuple franco-ontarien.

Donc le lundi 14 novembre votez LISE GOEDHARD, Conseillère d'un scolaire pour les écoles séparées, Section de langue française. Merci!

### Bill Houston

Came to Terrace Bay in the Fall of 1969 with his wife Prisca and their three children, and has been a teacher at Lake Superior High School since that time.

Bill has been active in the Community throughout his twenty years here and has been involved in many activities including the Church, the Church Choir, Minor Hockey, The McCausland Hospital Board, and the North Shore Community Concert Band. He has been a town Councillor for four years.

If elected, Bill would like to have Council come to a definite conclusion on a Community Hall, the development of the Gorge and the beach, a covered swimming pool, and the ski hill. He is also interested in having an up-to-date Five-year Plan in place for the Municipality.

### Lorraine Huard

Electors of Schreiber - My name is Lorraine Huard and I am seeking one of the four positions open for councillor at the November 14th Municipal Elections.

The responsibility of the voters is to elect council representatives that are:

## SCHREIBER SEWAGE WORKS UPGRADING AND EXPANSION STUDY REPORT (ESR) PUBLIC REVIEW PERIOD

The Ministry of the Environment and the Township of Schreiber are planning to upgrade and expand the Township's Sewage Treatment Plant in the Schreiber Townsite. An Environmental Study Report (ESR) has been prepared by M. M. Dillon Limited, Consulting Engineers and Planners. The ESR documents the planning and design process which lead to the selection of the preferred alternative for the upgrading and expansion of the plant.

NOTICE IS HEREBY GIVEN to the residents of Schreiber Township and to all those who may be affected that, starting on November 1988, the ESR will be available for public review at the Schreiber Municipal Office, 608 Winnipeg Street, Schreiber, from 9:00 a.m. to 4:30 p.m., Monday to Friday. The review period ends on 9th December 1988. You are invited to submit your comments, in writing, before 9th December 1988, to:

Mr. A. J. Gauthier  
Township Clerk  
Township of Schreiber  
P.O. Box 40  
Schreiber, Ontario, P9T 2S0  
Telephone (807) 824-2712

OR Mr. Mayer Schwartz, P.Eng.  
Project Manager  
M. M. Dillon Limited  
P.O. Box 426  
London, Ontario, N6A 4W7  
Telephone (519) 438-6192

Please be advised of the following:

- This project is subject to the Ministry of the Environment's "Class Environmental Assessment for Municipal Sewage and Water Projects". If you have a concern which cannot be resolved, you have the right to request the Minister of the Environment to elevate the status of this project to a full or individual environmental assessment under the Ontario Environmental Assessment Act.

- If there are no objections, concerns or criticisms of the ESR, within the review period, the project will proceed to construction as proposed.
