

Local companies lessen loss of fuel, assist in tanker truck clean-up

By Dave Chmara

The driver of a fuel tanker truck owned by Randy Pineault Fuels Ltd. of White River, lost control of his vehicle at the Kimberly-Clark Lake Superior pump house Monday, Nov. 14.

Constable Callaghan of the Terrace Bay Police Dept. said the accident occurred at 3:30 p.m. when, "The driver lost control on the way down a steep grade and went over an embankment."

The vehicle landed on its side at the shoreline of Lake Superior.

Callaghan said there was a "minor discharge of dyed diesel fuel which was contained by sand diking."

The tanker truck was righted Monday evening at 11:30 p.m. and the clean-up of the area was completed by 4 p.m. Tuesday.

Over half-a-dozen companies assisted with the clean-up.

Callaghan said local Shell agent, Jim Mikus, "was instrumental in

lessening the loss of fuel.

After the accident, the tanker was pumped by U.R.S. Repair Services of Thunder Bay.

Yates towing of Schreiber righted the tanker truck and removed it from the site

Desrosiers Construction removed the contaminated material from the beach. Norcon Construction and Kimberly-Clark assisted with the clean-up of the area.

As well, the Terrace Bay and Schreiber volunteer fire departments responded to the call.

Callaghan said it was a clear day but the gravel road is steep and rough.

The driver sustained minor injuries and was treated and released from hospital.

The truck was totalled and Callaghan said no charges will be laid.

War's sacrifices remembered

As we watch the Remembrance Day ceremonies each year, our attention focuses on war veterans. They, after all, are the ones who went to war and suffered through the horrors of combat.

But they weren't the only Canadians to suffer; war has no respect for age or sex.

The horror that Canadians faced at home was of a different kind, the kind that made people watch their front gate and hope that the telegraph boy wouldn't show up with a telegram from the Department of National Defence reporting that a husband or son had been killed.

During the Second World War, more than 40,000 such telegrams arrived in Canadian homes. Twenty years earlier, during the First World War, more than 60,000 of these telegrams were sent.

However, concerns and worries about loved ones weren't the only hardships faced by the people who stayed at home when Canada went to war.

PROPERTY ASSESSMENT

and your 1989 Municipal and School Taxes

Regional Assessment Offices located throughout Ontario are responsible for assessing all real property for the purposes of municipal and school taxation.

Assessment Rolls are prepared and delivered to municipalities which use them to set mill rates and calculate property tax bills. The amount of property tax you will pay on your home or business in 1989 is determined by multiplying the assessed value of your property by the mill rate.

If you want to learn more about your property assessment, the Regional Assessment Office invites you to attend its Open House Session.

Open House Sessions

Open Houses are held in every municipality at convenient times and locations to provide you with the opportunity to discuss your assessment with the staff of the Regional Office.

An assessor will be pleased to explain the basis of your property assessment and is authorized to amend any inaccurate information prior to the delivery of the Assessment Roll to your municipality.

If you have any questions, but are unable to attend the Open House, please contact your Regional Assessment Office at the address or telephone number shown below.

Notice of Property Valuation

Property owners and tenants will receive a Notice of Property Valuation only if information relating to their property assessment was changed during the past year, if the assessment was appealed last year, or if there has been a general reassessment in the municipality. If you receive a Notice of Property Valuation, it may reflect changes you have requested in your school support designation, in the amount of your assessed value, or other recorded information on last year's Notice.

Pour obtenir des renseignements en français sur les séances publiques, appeler le bureau régional d'évaluation ci-dessous. Veuillez appeler à frais virés si vous habitez à l'extérieur de la région d'appel sans frais.
