# Downhill & X-country ski reports available

The alpine and cross-country reports are available 24 hours a day and provide accurate, detailed information on snow surface conditions, weather, lifts, slopes and operating trails.

"Skiers can take advantage of tremendous facilities throughout the province, but it's important for them to know what kind of conditions they can expect before they use the slopes," Minister of Tourism and Recreation Hugh O'Neil said. "The Ontario Ski Reporting Program provides them with excellent daily information."

The alpine information line is (416) 963-2992. The cross-country information line is (416) 963-2911. The taped report is available to the public beginning Dec. 3 at 7 a.m. and is updated daily at 11:15 a.m. and 2:15 p.m.
