## Protect your valuables

This is the third and final article on Home Security by Provincial Constable Bert Logan, Schreiber O.P.P.

In case a burglar does get into your home, make it likely that he'll get caught, frightened away or leave empty handed.

### 1. INSTALL A BURGLAR ALARM SYSTEM

These alarms vary in the noise they make and scare the burglar away and alert the neighbors to silent alarms linked to a law enforcement agency. They also vary in price.

A simple burglar alarm could mean a good nights sleep, and a home that will not be burglarized or vandalized when you are on vacation.

There are several stores in Thunder Bay that carry alarm systems. (Echo Security, Summit Security, MisKelly's Electronics and Apex Security). There is cer-

tainly an alarm system that is suitable for you.

An alarm system could save you money, and a lot of aggravation.

### 2. MARKING ITEMS

Mark items a thief would be likely to steal (T.V., stereo, V.C.R.) with a marking tool. Record all serial numbers along with the make and model number. This may help the police trace it if it is stolen. It is a good idea to photograph valuables and keep this in a safety deposit box outside the home. A picture says 1,000 words.

### 3. DON'T LEAVE VALUABLE

items near windows as this is an invitation for thieves. Remember the thief doesn't want to stay long in your house because that increases the chance of being caught. He likes to get the valuables quickly and then take off. Make the valuables hard to find.

Check your homeowners insurance policy to be sure it provides

basic protection against burglary and other types of theft.

Secure your home with good locks on doors and windows.

Take care of your keys. don't leave them under the mat or above the door.

Outside, don't let your house look unoccupied...keep things from piling up...have your lawn mowed and snow removed while you're gone.

Put a light on while you are away...preferably one with an automatic timing device.

Think twice before letting strangers know when you'll be away from home, or before letting one in.

Have Police and trusted neighbor check your home while you are away for more than a few days.

Insure your possessions and keep an up-to-date inventory of them.

Etch an identifying number on items a thief might steal. Keep valuables in a safe deposit box.

Find out about burglar alarm systems and install one.

## Teddy Bears and O.P.P. join forces

Thanks to a generous pledge of \$35,000 by the Telephone Pioneers of America, Chapter 91, the Good Bears Of The World organization will be placing a teddy bear in every OPP cruiser in the province by Canada Day, July 1, 1989.

Initially a pilot project limited to OPP's No. 6 District which encompasses the counties of Grey, Bruce, Wellington, Perth, Huron, and the Region of Waterloo, the support of the Telephone Pioneers of America will allow all 1,000 cruisers that operate daily in Ontario to be equipped with a 12 inch tall, stuffed teddy bear.

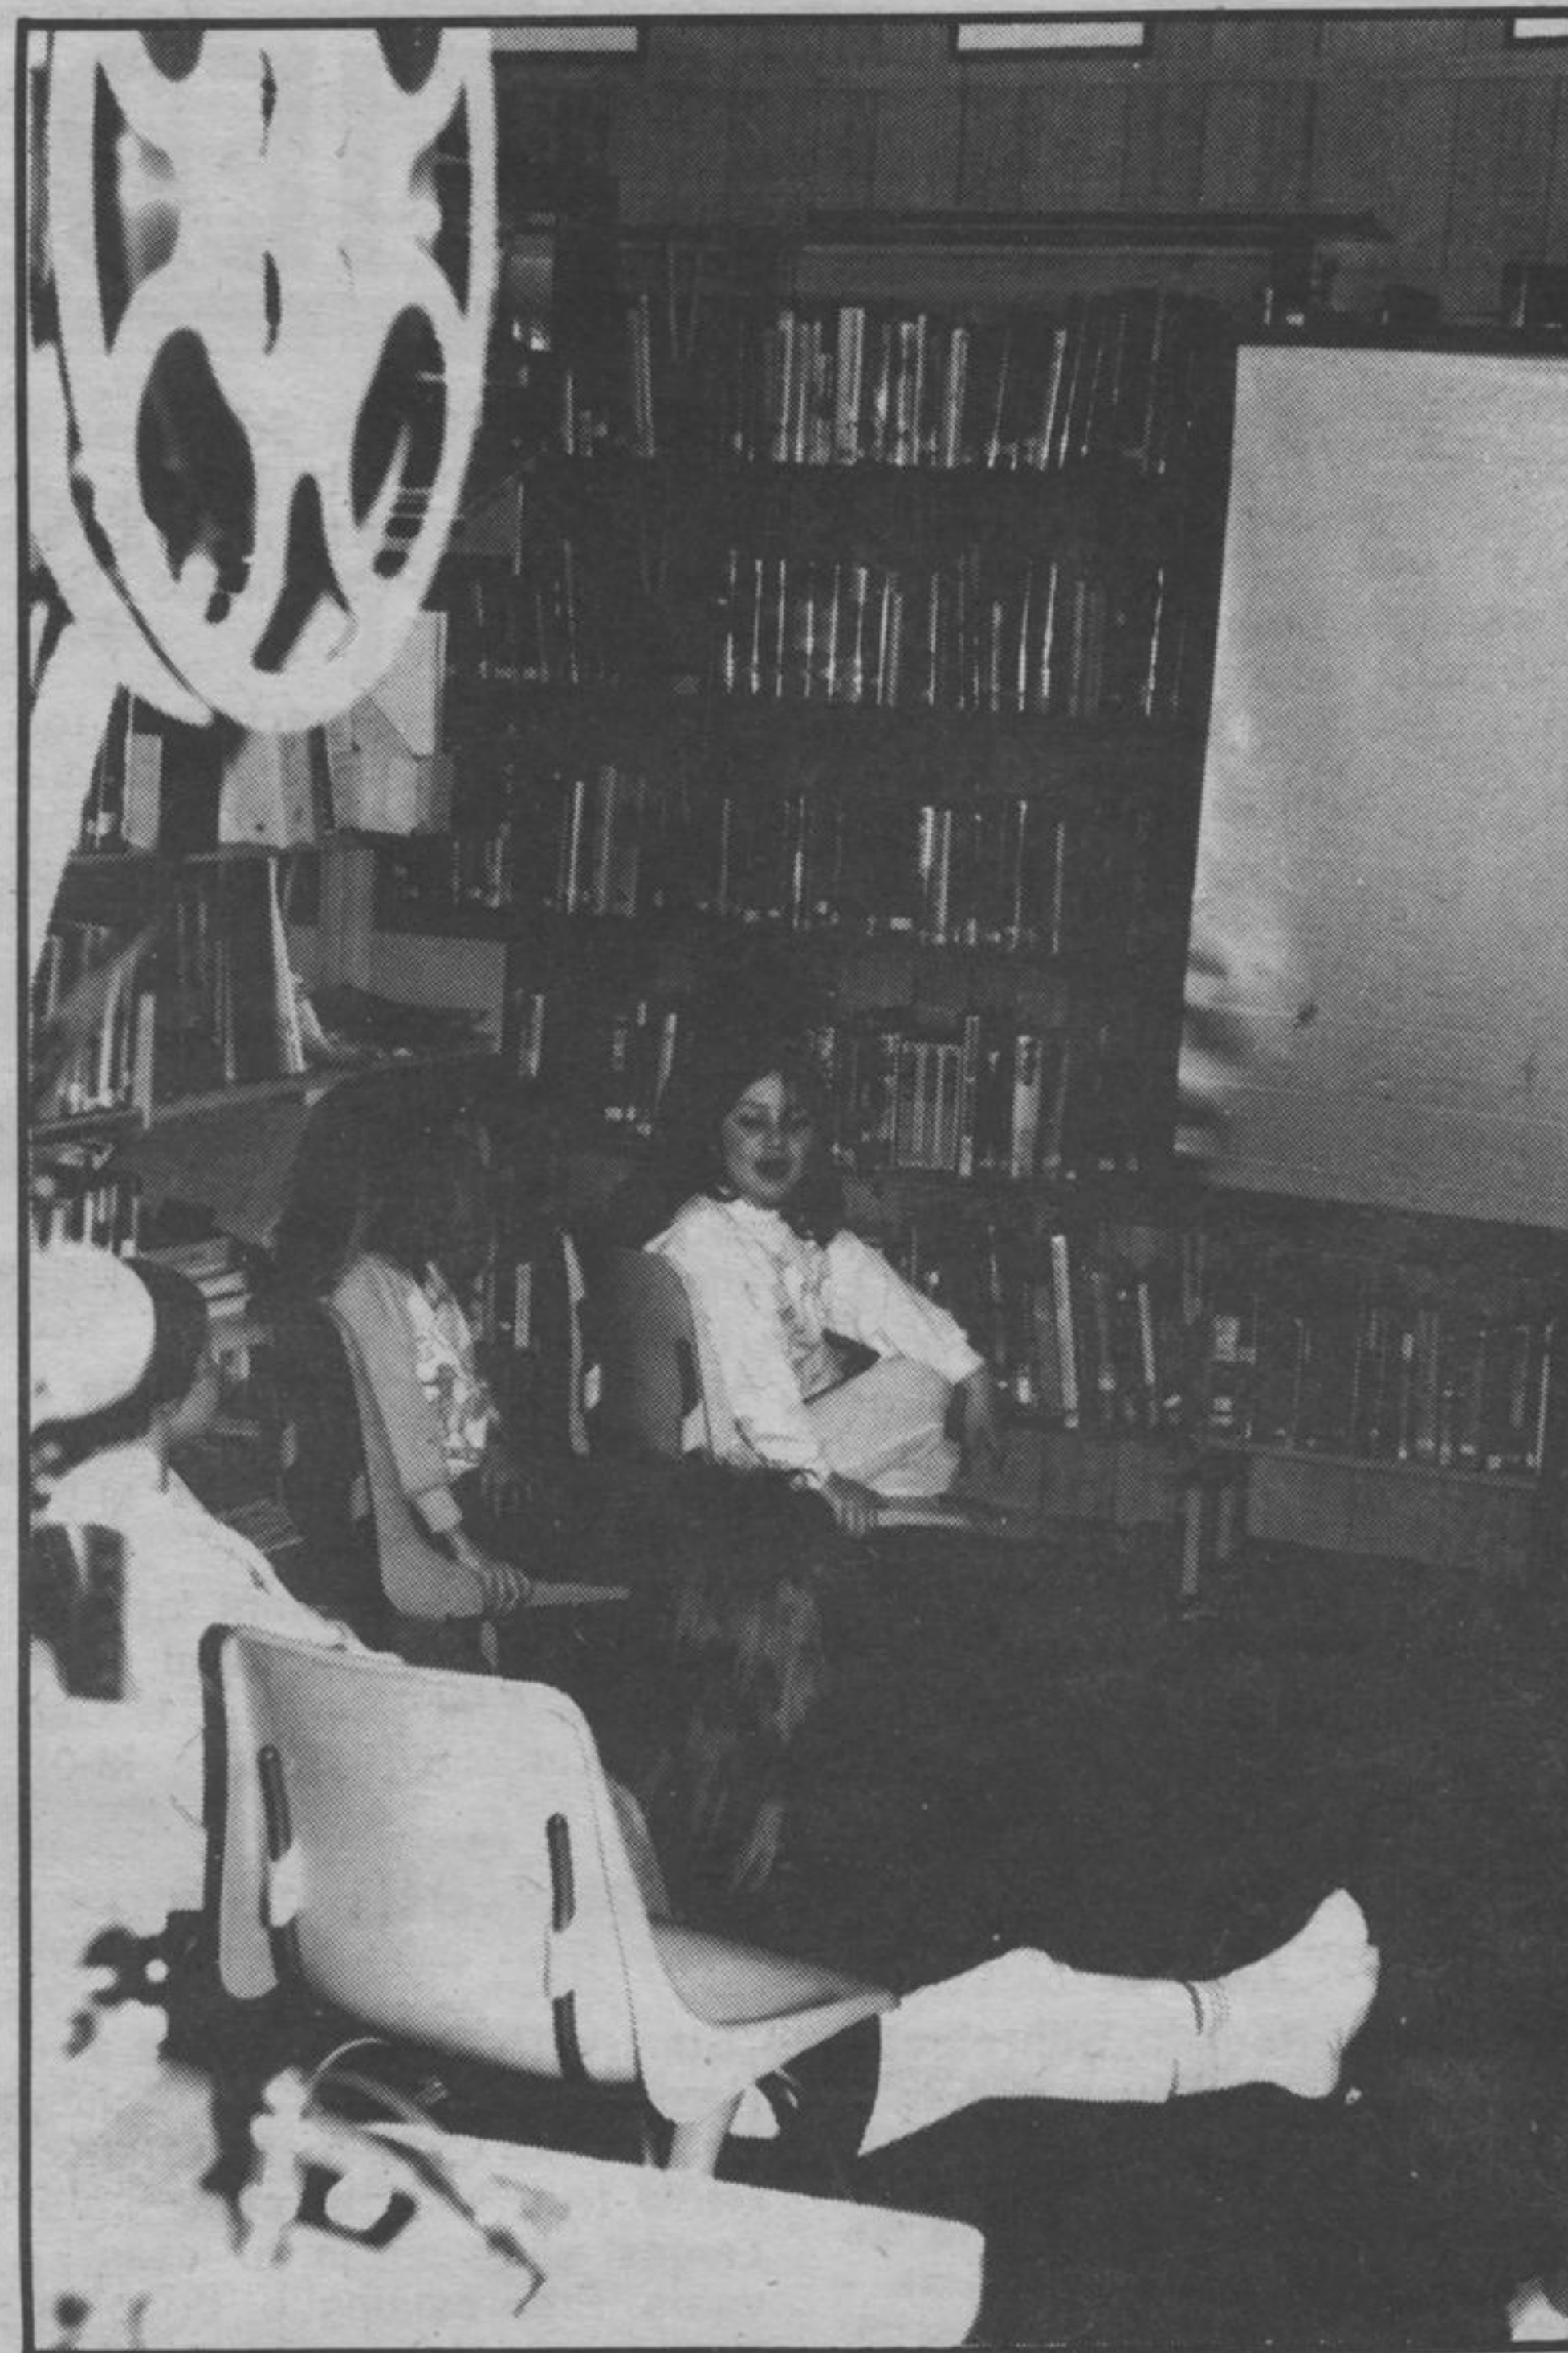

"We are delighted to see a teddy bear onboard all of our cruisers," said OPP S/Sgt. Irena Lawrenson. "Children who are the victims of

traffic accidents, family violence or other traumatic situations are often distraught and would welcome the comfort of a teddy bear. Other police forces have successfully used teddy bears to forge a bond between the child and the officer."

Story hour at the Schreiber Public Library was one part of the Schreiber Winter Carnival - although the story hour is held weekly. Last week there were only a few children on hand as there were many out of town hockey tournaments. The youngsters had fun watching a movie entitled *The Remarkable Riderless Runaway Tricycle*.
