

Pitch In week is May 1 - 7

By Connie Sodaro

Pitch In is the campaign that encourages Ontarians to reduce, re-use and re-cycle waste. Pitch In takes place from May 1 to 7, 1989. A clean and healthy environment not only enhances the quality of life for each of us, it also helps to attract tourists and boosts our province's economy."

Pitch In has become the largest environmental action campaign in Ontario, Alberta and British Columbia. The campaign saw whole communities being beautified, rivers dredged for garbage and wilderness areas scoured for waste left behind by careless individuals. The theme of the 1989 campaign is "DO YOUR PART". It is a theme which encourages all of us to stop talking and start doing something whether it is by properly disposing of our waste, by re-using or recycling or by ensuring our actions do not negatively impact on the environment.

"Pitch In is probably most easily identified by its symbol of a person standing dropping litter into a litter basket," comments Allard W. van Veen, national coordinator and founder of Pitch

In Canada.

"Once communities realize Pitch In is a local program they support it but it takes local groups to convince them of the benefits," observes Rick Morgan, vice-president of the Federation of Anglers & Hunters.

"Hundreds of thousands of volunteers through out the province will be involved. More than 1,700 organizations have already notified us that they are planning a project and we are providing them with extra materials," said Morgan.

"Even though we've had lots of requests for free garbage bags, more are available this year and we expect to provide some to every group that applies," said Morgan, stressing that groups should respond quickly if they are to receive their bags in time for Pitch In Week.

To order bags and to receive more information on Pitch In, write to Pitch In, 6 Adelaide Street East, Toronto, Ontario M5C 1H6.

Order forms are also available at the Terrace Bay/Schreiber News office.

Criticism unwarranted

By Dave Chmara

Apparently there has been some misunderstanding concerning the article which appeared in the March 1 issue of The News regarding the doctor situation at McCausland Hospital.

The article noted that Donna Mikeluk, Schreiber Council representative on the McCausland Hospital Board, made a presentation to council.

The paragraph which followed said, "Minutes from the council meeting read, 'This observation tends to be supported by the large number of doctors practicing for relatively short terms in Terrace Bay...current facilities available to a doctor commencing practice in Terrace Bay at the Hospital Clinic are not conducive to encouraging a physician to locate in the area on a permanent basis.'"

This observation was made by council after reviewing the facts regarding the doctor situation and was not the observation of Donna Mikeluk. She has apparently been receiving unwarranted criticism regarding this observation, which was not made by her.

The connection between Donna Mikeluk's presentation and council's observation was purely unintentional and The News regrets any misunderstanding this may have caused.

Bowling Zone finals were held Sunday, March 12 with bowlers from Terrace Bay and Manitowadge participating. The high scorers advance to Sudbury to the National Classified Bowling Tournament April 15, Provincial Tournament. The ladies team will consist of Wilma Schell, Carol Gugelyk, Bernice Pytyck, Lea Falzetta, Lorna Wade. The men's team will have John Webb, Mike Cashman, Rick Cohtala, Yvan Cote, and Charlie Matson. Lake Superior fishing better

A Ministry of Natural Resources worker tests the temperature and oxygen level of Lake Superior to ensure the restocked yearlings suffer the least amount of shock when put into the lake. Photo by Dave Chmara

the site with the yearlings in steel buckets. At one site this involved making a total of 27 trips with three buckets taken by each of three snowmobiles being used. It took roughly three and-a-half hours to restock the 51,000 Lake Trout yearlings at this particular location.

When the fish are shipped from Dorion, they are in tanks which circulate the water and have oxygen pumped through them. Baldwin said that sometimes even on cold days, ice is put in the tanks to keep the temperature of the water as close as possible to that of the lake.

When the yearlings arrive at the restocking site, the oxygen level and water temperature of the tanks and the lake is tested to ensure they are as similar as possible. This reduces the level of shock which the fish may experience.

Baldwin said the Lake Trout population in Lake Superior is increasing, and that anglers are catching quite a few of the Lake Trout which were restocked in previous years.

He noted that the restocked fish have fin clips to identify them as having been restocked and that this helps the MNR evaluate the successfulness of its program.

The Corporation of the Township of Terrace Bay NOTICE

The Terrace Bay Municipal Office will be closed from Thursday, March 23, at 5:00 p.m. until Tuesday, March 28, at 8:00 a.m. for the Easter Holiday. Reeve and Council of the Corporation of the Township of Terrace Bay wish you all a happy Easter.

Ontario

POLICE TACTICAL UNITS INQUIRY NOTICE

The Ontario Police Commission was directed by the Solicitor General on January 4, 1989 to examine the use of police tactical units in Ontario.

The Commission was asked to examine and make recommendations on the following:

1. the historical operation and utilization of such units, since their inception, by police forces in Ontario;
2. the selection and training of the personnel comprising such units;
3. the equipment used by such units, including weapons and communications equipment;
4. the functions assigned to such units;
5. the rationale and need for such units.

The Commission will review oral and written submissions related to its mandate.

Written submissions from members of the public are now invited. They should be forwarded to the Ontario Police Commission, 9th Floor, 25 Grosvenor Street, Toronto, M7A 2H3, by Friday, April 21, 1989.

The Commission is currently arranging a series of public hearings at which interested citizens and organizations will have the opportunity to personally state their views. Those citizens and groups who submit written briefs will have an opportunity, if desired, to expand on their submissions at these hearings.

Further information may be obtained by contacting Gordon Hampson or Cathy Boxer at the Commission offices in Toronto (416) 965-6071.

THE LAKE SUPERIOR BOARD OF EDUCATION announces EARLY REGISTRATION for JR. & SR. KINDERGARTEN for SCHREIBER PUBLIC SCHOOL

ELIGIBILITY:

Jr. Kindergarten - Children who will be 4 years old by December 31, 1989.

Sr. Kindergarten - Children who will be 5 years old by December 31, 1989

NOTE: Students currently attending Jr. Kindergarten need not re-register for Sr. Kindergarten.

Registration will be taken in the school office beginning Tuesday, March 28. Mondays and Tuesdays from 8:30 - 4:00 p.m. and Wednesdays, Thursdays and Fridays from 8:30 - 12:00 noon. Please phone or drop in to the office and pick up a registration form as soon as possible and bring Proof of Age (birth certificate, baptismal certificate, etc.) when registering your child. It is important that we have this enrollment information as soon as possible in order to determine staffing for September.

An INFORMATION SESSION, including a tour of the classroom, will be held in April. If you have any questions, please do not hesitate to contact the school at 824-2082.
