 "Ideal Young Driver Class"

Last year, some members of the grade 6 class at Terrace Bay Public School (now in grade 7) held a car wash to raise money for Ashley Redgrift. Ashley suffers from Spinal Muscular Dystrophy and needed money to receive treatment in New Orleans. "The Group" as they are known, were nominated by Paul Marcon, the *Terrace Bay Schreiber News'* General Manager, for the Ontario Community Newspapers Association "Junior Citizen of the Year".

**Plan your vacation**

By Joe Mykietyn

Have you often looked at a map or globe of the world or seen an exotic program of some far off country on T.V. only to dream that you were actually there?

I think in most cases the answer would be yes.

In planning a vacation many factors come into account, such as weather, cost, length of trip, documentation, clothing, local customs, sites to see etc... which I will discuss in later articles.

I myself truly enjoy planning a vacation right down to the finest detail. I use every resource at my disposal to obtain information - some being obvious, others not.

Obviously your travel agent is a good bet having both brochures on a wide variety of places and in most cases first hand knowledge on every aspect of foreign or

domestic travel.

Your local library has all kinds of books, maps and in some cases slide on all or most countries in the world.

I've even used the post office to obtain foreign embassy or consulate addresses in Canada and having wrote to them for information, I received in most cases

everything from small town maps to festivals, events and places of interest not necessarily in a library or travel agency.

Finally, magazines of every kind are always advertising or hosting travel stories. Travel and travel information is a part of every day life and society...just look around.
