# Council briefs Terrace Bay

By Dave Chmara

Terrace Bay Council has been approached by the Aguasabon Golf Club for a donation towards the newly proposed clubhouse.

After some discussion, council decided a meeting with a representative from the fundraising committee should be held in order to determine how the facility will be available for community use before they decide if such a donation should be made.

Council also received a thank you from the McCausland Hospital Auxiliary for a donation of \$3,000 towards the Lifeline Project.

A request by the Ministry of

Transportation for an Airport Master Plan was reluctantly agreed to by council. Council felt funding for future projects may be in jeopardy if the plan, which will cost from \$15,000 to \$25,000, was not agreed to. The ministry will pay for 80 per cent of the study.

The following people have been appointed by Terrace Bay Council to the Economic Development Steering Committee: Reeve Jim Ziegler, Deputy Clerk Lorne Mitchell, Dennis Burns, Don Lavigne, Mike Moore and representing the Terrace Bay/Schreiber Futures Committee is John Smrke.

Tenders will be accepted for two weeks for the paving of the Beach Road from the Golf Club to the beach. The paving is scheduled to be completed before the end of summer.

Council has received requests from four individuals for a cat control by-law. They discussed the matter but as yet have not decided to pass such a by-law.

Clerk-Treasurer-Administrator Dave Fulton and Councillor Bill Houston will attend separate workshops on ways to reduce municipal liability. Fulton's workshop takes place in September while Houston will attend a workshop in August.

# Schreiber

By Dave Chmara

Schreiber Council appointed the following people to the Economic Development Steering Committee: Reeve Mike Cosgrove, Jack Stokes and Lynn Hodder.

Council is still looking for a new cemetery and is currently considering a site to the west of the old garbage dump (Desrosiers Construction Ltd.) road.

Some of the sidewalks in Schreiber will be repaired in the near future. These include ones on Quebec St. by the Mayfair and Columbia St. Council is aware the sidewalks on Brunswick are in need of repair but these repairs may have to wait for next year as other repairs may use up the cur-

rent funding.

Council has sent a letter to the Ministry of Transportation to speed up their action in putting up no parking signs along the highway.

A total of 16 building permits were issued during the month of June. This brings the dollar total of these permits to \$715,875 for 1989.

New parking violation tickets have been received by the town and will now be handed out to those individuals who do not pay for parking. These fines may be paid at the municipal office. Fines which are not paid remain on the driver's record and new driving licences are not issued until all past fines have been paid.

After considerable discussion about the current lack of office space in downtown Schreiber, and the desired use of property along the highway, council decided to proceed with a change in the permitted use of highway property. Offices will be allowed along the highway once an amendment to the Official Plan and Zoning by-law have been passed by council and circulated according to regulations.

If no objections to the changes are received, the amendments will become law.

Currently, property along the highway is zoned as Highway-Commercial and offices are not permitted according to the Zoning by-law and Official Plan.

Gertrude Cotton presents a cheque in the amount of \$500 to Jack Paterson on behalf of the Disability Action Group towards the Lifeline Project.
