

# Heinz 57 take Schreiber Mixed Slowpitch Tourney for 5th straight year - new executive members sought

Congratulations to Heinz 57 who, for the 5th year in a row, have captured the "A" Division championship in the Schreiber Mixed Slowpitch League. In what could be called the most exciting game of the season, Heinz 57 defeated Texaco Stars by a score of 4-2. MVP's for Heinz 57 were Jacki Speziale and Joey Speziale. For the Texaco Stars, Marlene McParland and Chico Tremblay.

The "B" Division Champions for 1989 are Catch 22. They defeated Birch's Chicken Chuckers by a score of 15-4. MVP's for Catch 22 were Yvonne McGrath and Peter Armstrong, for Birch's Tammy Moore and Corey Fischer.

The Playoff Tournament, which ran from August 21 to 27, was a huge success. The weather with the exception of Sunday morning could not have been better. A total of 28 games were played during the week with the finals on Sunday. The executive would like to thank everyone who helped in any way in order to make the tournament run smoothly.

The 1989 Mixed Slowpitch

season has finally come and gone. The teams, players, umpires and especially the executive can be congratulated on a job well done.

The 1989 executive can be proud of all the work they have accomplished. Not only have they successfully organized another year of mixed slowpitch for a 16 team league, but have contributed greatly to the enhancement of the

present ball facility.

Over the past three years the mixed league has assisted in the re-development of the ball field, paid 50 per cent of the purchase and installation of the scoreboard and 100 per cent of the purchase and installation of the new P.A. System which greatly enhanced our tournament this year. It is only through the hard work and generosity of organizations such as the mixed slowpitch league that we are able to offer quality facilities such as our new ball park.

The league, teams and entire town can be proud of the work that this executive has done over the years to enhance the ball park for all users.

As with all leagues and organizations, however, change is required if it is to grow and continue. Please consider standing for a position on the executive. BURN OUT is a major problem in all organizations and our slowpitch league is not an exception. The league needs YOU if 1990 is going to be as successful a year as 1989.

### HELP WANTED

Canadian Cadet organization are amongst the best youth movements in Canada, if not the world. Since the Cadets are a major Canadian Forces undertaking, it is important that all of us understand what "the Cadets" are about and how we can become more involved.

- The Canadian Forces and Navy League aim at:
- developing the attributes of good citizenship;
  - promoting physical fitness; and
  - stimulating the interest of you in the sea, land and air elements of the Canadian Forces

To accomplish these aims the Department spends approximately \$48 million in direct costs and an estimate equal amount in direct costs (service air, camp infrastructure, rations and the like) yearly.

The Cadet program provides challenging, exciting and rewarding experiences. When young Cadets learn of the challenges they will face, their looks of awe are only surpassed by their expressions of satisfaction and confidence when they have succeeded. The Cadet movement is designed to instill leadership, self-discipline and initiative; it is the Canadian Forces contribution towards the development of Canadian youth.

The Cadet organization functions nationally through regional authority throughout Canada. With the exception of Northern and Pacific Regions, each region is further subdivided into areas which manage Sea, Army and Air Cadet activities. Throughout these areas there are approximately 5,500 on the Cadet Instructors List and 200 Regular Force personnel involved in the operation of the Cadets.

At the lowest echelons, Cadets are organized into corps/squadrons of 30 or more Cadets. There are approximately 1,100 corps with 60,000 boys and girls from 12 to 18 years of age in Canada as well as two Army Cadet Corps and two Air Cadet Squadrons in Europe. Each week during the school year, in most small towns and cities across Canada, Cadets meet for specified training. During the summer period, at different locations mainly on or near Canadian Forces bases, 23,000 Cadets are trained in leadership and environmental specialties such as sailing, shooting, communications, mountaineering, parachuting, gliding or power flying. To ensure the success of such a diverse and large programme require dedicated efforts from all involved. Extra help is always needed.

Your local Cadet Corps require officers for the upcoming season. Should you be interested in becoming a Corps officer please contact: The Terrace Bay/Schreiber Navy League c/o Mr. Roy Teniuk P.O.Box 550 Terrace Bay, Ontario P0T 2W0 Telephone: 825-9663
