Business car expense limits raised by Wilson

There's some good news for people who use their personal vehicles for business purposes.

Finance Minister Michael Wilson has announced new limits relating to the value of passenger vehicles for purposes of capital cost allowance (CCA).

The corresponding lease limits and the exempt kilometre allowances will also be raised. The existing limits were set during income tax reform in June 1987. At that time, Wilson indicated that a review of the limits would be undertaken every two years to ensure their appropriateness as prices change.

As a result, the new limits will come into effect September 1, 1989.

The \$20,000 ceiling on the cost of a passenger vehicle for CCA purposes will be raised to \$24,000. Wilson also indicated that upon implementation of the proposed Goods and Services Tax on January 1, 1991, the threshold

is principal reporter for the show and will be on the road several days a week to bring back stories of interest. Barry Third is regional editor and Rob Gibson will be the news reader.

TBT News Director Gary Rinne says he hopes residents of communities will feel free to suggest story ideas.

Comments or suggestions can be directed to Barry Third, regional editor, Thunder Bay Television, 87 N. Hill St., Thunder Bay, Ont., P7A 5V6 or call (807) 345-4444.

Enrollment up

Full-time enrollment at Confederation College is up by 2.5 per cent over last year according to September 12, 1989 figures. A total of 2715 students will study in 61 post-secondary programs.

Early figures for Continuing Education indicate 3956 students registered to date - a modest increase over last year is expected for the Fall semester.

As registration is still progressing for both full-time and continuing education courses, final figures will not be available for two to three weeks.

Confederation College is in its 22nd year of operation and offers programs in campuses located in Aitkohan, Dryden, Fort Frances, Geraldton, Kenora, Marathon, Sioux Lookout and Thunder Bay.

Hunting and angling closures

The Terrace Bay District of the Ministry of Natural Resources has announced the following closures to hunting and angling.

Hunting is prohibited in the Provincial Nature Reserves listed below:

- Gravel River
- Schreiber Channel
- Prairie River
- Red Sucker Point
- Craigs Pit

This is in accordance with the provincial government's announcement in May, 1988 on new provincial park policies. These changes offer increased protection to these unique areas.

In addition, hunting will continue to be prohibited in Rainbow Falls, Slate Islands and Neys Provincial Parks.

The season for Lake Trout angling in division 23 (Lake Superior) will be closed from October 1 to November 30 each year to help rebuild Lake Trout populations by increasing opportunities for spawning.

For more information on any of these closures contact Jim Chappel at the Outdoor Recreation Department of the Terrace Bay District, Ministry of Natural Resources at (807) 825-3205.
