HIGHWAY IMPROVEMENT STUDY

Highway 17, From 1.9 kilometres East of Schreiber West Limits Easterly 16.5 kilometres to Terrace Bay

The Ministry of Transportation (MTO), has initiated a study to examine potential improvements to Highway 17 from 1.9 kilometres east of Schreiber West Limits easterly 16.5 kilometres to about Mill Road in Terrace Bay.

The purpose of this study is to identify improvements to Highway 17 within the limits of the project to eliminate frost heaves and pavement distortions, improve the riding quality of the driving surface and rehabilitate the shoulders. Also included in the study is the examination of alternative means to improve the level of traffic service and safety on the approximately 3.5 kilometre section of Highway 17 from Schreiber easterly to about the CP overhead bridge.

An information centre will be held to permit the public to examine preliminary alternatives for improving this section of Highway 17 being considered by MTO including preliminary alternative revisions to the alignment of Highway 17 between Schreiber and the CP Rail overhead bridge and to provide input to the planning process. All interested persons are invited to attend the public information centre which will be held:

SCHREIBER
WEDNESDAY FEBRUARY 21, 1990
2:00 p.m. TO 4:00 p.m.
6:00 p.m. TO 8:00 p.m.**

This study will follow a Class Environmental Assessment process approved for highway projects of this type. Upon completion of the study, an Environmental Study Report will be submitted to the Ministry of the Environment and will be available for public viewing. A further public notice will be published at that time.

The MTO has retained the consulting firm of Totten Sims Hubicki Associates to assist with this study. You are encouraged to contact the Consultant or MTO staff at any time if you have questions or concerns about this project. If you feel, after consulting with MTO staff, that serious environmental concerns remain unresolved, it is your right to request the project be subject to the formal Environmental Assessment Review and Approved process, possibly including a formal Public Hearing. The decision on your request rests with the Ministry of the Environment.

Terrace Bay Schreiber to study joint Economic Development Office

The communities of Terrace Bay and Schreiber will receive an \$18,750 provincial grant to look into the possibility of operating a joint economic development office, Northern Development Minister Rene Fontaine has announced.

This is the first step for communities organizing to diversify their economy and looking to attract new business ventures," Fontaine said.

The study will determine how a permanent economic development office could be established to realize the area's development potential.

Terrace Bay and Schreiber are each contributing \$3,100 to the \$25,000 study, expected to be completed by April.
