Improvements would cost \$8,000- \$10,000

Delegation claims ...sand erosion is a safety hazard

Monday, February 26, 1990

The regular meeting of the Terrace Bay Council was held at 7:00 p.m. on Monday, February 26. Present were: Reeve Jim Ziegler, Councillors: C. Joubert, M. King, and J. St. Amand, and staff: D. Fulton.

A delegation led by Freda Boucher met with Council to request that something be done about the property at 230 MacDonald. Their concern is the erosion of sand, the safety hazard, and the unattractive appearance which devalues their property. Council explained that they did check into the problem, and improvements to the property are estimated to cost between \$8,000 and \$10,000, which the bank is not willing to spend. The Township does not have any by-laws to regulate the condition. Council has checked with their lawyer and legally there is nothing that can be done but will check into the problem further.
