

United States fisheries research vessels will be operating in Canadian waters of Lake Superior during the month of June. In 1989, at the request of the Ontario Ministry of Natural Resources (OMNR), the U.S. Fish and Wildlife Service extended their forage fish assessment trawling surveys to include a number of sites in Canadian waters. This initial project was very successful so it is being

repeated in 1990. Studies to provide the essential management information on Lake Superior forage stocks are prohibitively

expensive. This cooperative study with the United States is providing a promising solution to the problem.

Bill Therriault, Lake Manager

for Lake Superior is enthused over the prospects of continuing this valuable project and states, "this successful partnership is an

excellent example of how information on the status of prey species for lake trout and salmon can be collected."

In western Lake Superior, the

research vessel Siscowet will be trawling 17 sites between Pigeon River and Rosport from June 14 to June 18, 1990. In eastern Lake

Superior the research vessel Grayling will trawl 13 sites between Sault Ste. Marie and Michipicoten Island. Dates for the trawling may vary by a day or two depending on the weather. A US crew plus OMNR staff will be on board the boats during the survey which consists of trawling the lake bottom at selected sites from 15 metres of water to a

depth of 120 metres.

The United States Fish and Wildlife Service has been running the trawling program since 1978. Over the long term, information is used to determine abundance of fish and population trends. By including Canadian waters in the program, it allows both agencies to obtain a lakewide perspective on forage fish stocks which is essential in managing both the forage species and the predators that feed upon them. Information from these types of surveys will assist in the management of the sport and commercial fisheries on Lake Superior.

1990 Terrace Bay Municipal Budget

The Terrace Bay Council has finalized the municipal budget for 1990. Property and business taxes will increase by 7.4% over 1989. This will raise municipal taxes on an average house assessed at \$10,484.00 by \$29.08 to \$421.21. School taxes for public school supporters will increase by 15.1% (\$38.30) at the elementary level and by 11.8% (26.05) at the secondary level. Separate school taxes have not yet been set.

The Township's regular operating budget has increased by \$193,664 to \$3,011,060. An extra \$21,000 has been included to cover the provincially-mandated pay equity program and employer health tax. \$20,755 is included to establish an economic development office and transit system for the disabled; both of these projects will be done jointly with the Township of Schreiber. Operating costs are distributed as follows:

Department	Amount	% of Total
Council & Municipal Office	\$493,880	16.4%
Fire	80,913	2.7
Police	538,425	17.9
Public Works	619,846	20.6
Recreation	687,306	22.8

Airport	124,038	4.1
Other (District Boards, Economic Development, Planning, Welfare, etc.)	355,655	11.8
	\$3,011,060	100%

The total capital budget for Terrace Bay for 1990 is \$844,310, up 11.1% from 1989. Of this total, \$545,360 is financed by provincial or federal grants and transfers from the Township's own reserve funds, leaving a net amount of \$298,950 to be raised by taxes. This net amount is \$6,545 less than in 1989.

Capital projects to be undertaken in 1990 include construction of a tourist information centre, improvements under the provincial PRIDE Program, (sidewalks; curling club parking lot paving; Highway 17 pathway lighting; park benches and picnic tables; Simcoe Plaza decorative street lighting; picnic areas and sprinkler system; tourist signage; streetlight infilling), police cruiser, police computer system, street paving, extension of waterline to golf course, snowblower auger, arena sound system, Recreation Centre public address system, bus for transit system for the disabled, washrooms for Recreation change rooms, Fire Department radio system and removal of shoal at the mouth of the Aguasabon River.

The Township budget (operating and capital) is financed from the following sources:

Source	Amount	% of Total
Taxation	\$1,759,653	45.6%
Province of Ontario	1,451,254	37.7
Licenses, Fees, Fines, Leases	243,701	6.3
Transfers from Reserve Funds	99,242	2.6
1989 Surplus	39,700	1.0
Interest Earned	65,000	1.7
Water Billings	66,800	1.7
Other	130,020	3.4
	\$3,855,370	100%
