Homemaker service opens new office

By Angie Saunders
The News

The Red Cross Homemakers Service has opened an office in Terrace Bay.

Phyllis Mosley, supervises the service which she previously ran out of her home since October 1987. She opened the office behind the Commerce Bank in Terrace Bay on June 1st.

Red Cross Homemakers is a non-profit service that provides assistance in the home, to the elderly, the sick, or disabled.

The homemakers will assist in the home for a few hours each week, day, or full-time if needed for as long as required.

The homemakers help with the activities of daily living such as light housekeeping, preparing meals, grocery shopping, personal care, and also they supply companionship.

This service can help an elderly or sick person to continue to live at home when they would otherwise have to be institutionalized. Phyllis said that a homemaker will go to a home for an hour or two each day to help out and make sure everything is going okay. These few hours of help each day enables the client to live on their own. A few of the local clients also have a Lifeline unit in their home.

All the homemakers employed must first have CPR, First Aid, and Home Support Level 2- a 120 hour course offered through Confederation College in Terrace Bay or Schreiber.

Phyllis Mosley is the supervisor of 20 Red Cross homemakers who cover the area of Rosspport, Schreiber, Terrace Bay, and Marathon.

She received funding from the

Ministry of Health and the Ministry of Community and Social Services enabling her to move the service from her home to the office in downtown Terrace Bay.

When the local service started in 1987, Phyllis stated that there were only 5 workers who worked 197 hours in a month. Presently, the service has grown to 65 clients in which 20 homemakers between Rosspport and Marathon work around 1200 hours a month (combined).

Phyllis makes home visits to the clients about every three months to see how they are doing.

Some clients are able to pay for the homemaker services, but those who cannot afford it, financial assistance is often available from the government, private or community sources.

FURBOLS

Letter to Editor- cont'd from 4

on the GST legislation to only 5 days. The Conservatives tried to prevent the Finance Committee from travelling across Canada to hear other views on our tax system.

The Conservative House Leader is now even threatening to appoint enough PC supporters to the Senate to ensure Brian Mulroney gets whatever he wants.

That attitude is profoundly undemocratic and unfair.

I believe Canadians deserve a straight answer. Canadians want

a party that says what it means and means what it says. Canadians want the tax stopped. If the Liberals don't act on their official opposition to the tax, how can voters expect them to keep any of their election promises next time?

The tax system is the most important public policy tool available to any government, anywhere.

The GST is a fundamentally regressive and unfair tax.

The GST shifts the tax burden to those in our society who are

least able to pay. I cannot support a tax system where over 90,000 profitable corporations in Canada paid no income taxes on their profits while low and middle income Canadians face new taxes on everything from diapers to school supplies.

Bad taxes have been stopped before. the Liberals have a responsibility to use their majority in the Senate to stop this tax.

Sincerely,
Audrey McLaughlin
Leader of the NDP

Thank You

The families of the late Charles Holmes would like to thank everyone who sent messages of sympathy, food, mass cards donations and flowers - your thoughtfulness and kindness are much appreciated.

Special thanks to the Knights of Columbus for their prayer service, to Father Murtagh and Father Rademaker for their prayers and kind words, to the Schreiber Chimo Club for their service at Holy Angels Church, to all our friends in Schreiber who provided lunch after the funeral mass and after the cremains.

Last but not least to the Elliott Funeral Home in their special caring way made the loss of a loving husband, father and grandfather a little easier to bear.

Letter... Speaking out against Mulroney dictatorship

Dear Editor,

Being a Conservative all my adult life (36 years), it is with a great deal of sadness and shame that I am writing this letter.

But the time has come for me to speak out against the dictatorship of Brian Mulroney, I and people like me gave Mr. Mulroney the mandate to serve the people of Canada, we did not give him the mandate to become a dictator.

His arrogance and the complete disregard for the democratic rights of the people concerning the G.S.T. is for me, the last straw.

He is a disgrace to the Tory Party, and a poor excuse for a Canadian. Surely, there is something wrong with this country when men of honor and integrity (the two M.P.'s from Alberta) are treated like whip dogs by lying Brian, for having the courage to serve the people by voting against the G.S.T.

The G.S.T. is completely unfair and gives Mulroney and Wilson the license to steal from the people anytime they want.

But hope springs eternal, we can stop the G.S.T. I.R.A.T.E. citizens of Peterborough have a petition out from the Senate of

Canada, if you are against the G.S.T. please sign it.

If there is not a petition in your area, contact I.R.A.T.E. citizens of Peterborough, Box 1473, K9J 7H7.

They need ten million signatures to give the senate the mandate from the people to stop this hideous tax.

The Senate is there to serve the people. If we ignore the Senate, then we deserve the dictatorship of lying Brian.

Yours sincerely,
John Welham
Peterborough, ON

and Freedom. This satisfies me because all Canadians should be treated equally", added Belair. The First Ministers agreed that the issue of Senate reform will be addressed in the near future; they will have five years to make a final recommendation to Parliament. "At long last, the Senate problem will be defined", said Belair. It was also agreed that the issue of Aboriginal rights will be discussed at a Constitutional Conference to be called within one year.

The Meech Lake Accord has yet to be ratified in three provinces by June 23, 1990.
