

All the World's a circus- continued from page 5

seem to grasp this summer.

We don't understand why we have to have a provincial election we don't need and why we can't have a federal election which we do.

We can't quite understand why Prime Minister Brian Mulroney rushed to Washington the other day to give President Bush his plan for getting hundreds of thousands of Iraqi troops out of Kuwait, a half a world away, when he hasn't made any attempt to remove an armed band of Mohawk Warriors from his home province of Quebec.

And we're pleased as punch that 4,000 Ontario firefighters celebrated their convention up on Highway #3 in Port Colborne over the long weekend. We're just wondering how that house on Barrick Road, just to the north of their campground, burned to the ground on the Friday night.

I mean, in the wee hours of the morning, all they had to do was slap a Port-O-Pot sign on the front lawn and they'd have at least saved the second floor.

And that's the news from Wainfleet, where men are men and women find that pretty damn funny.

Mon Cheri Hair and Skin Tips

by Alberto Costa

A basic requirement for a healthy scalp is cleanliness. Hair and scalp should be kept clean by frequent shampooing and treatment. Clean hair and scalp will resist a wide variety of disorders.

While shampooing will keep the hair clean, it will not prevent the hair from becoming dry and brittle. Therefore, you should always get proper cosmetic applications to counteract the danger of either dry and scaly scalp or an excessively oily condition of the scalp and hair.

Since the scalp and hair are related, many scalp disorders need correction in order to keep the hair healthy. A healthy scalp will help in the growth of healthy hair. Your hairdresser can only treat common and minor conditions.

Dandruff may be associated with either a dry or oily scalp condition. Some of the common causes of dandruff are poor circulation of blood to the scalp, improper diet, uncleanliness, and infection.

Ask your hairdresser for proper treatment of dandruff.

*There is a face that is always with us,
There's a voice we would love to hear,
There's a smile we will always remember,
Of one we loved so dear.
To us you were someone special,
Someone good and true.
You will never be forgotten
For we thought the world of you.
Always in our thoughts*

You'll find a wonderful range of buying incentives this summer at your friendly Ford or Mercury dealers. Good reasons for you to visit your Ford or Mercury dealer right now! They'll guide you to a deal that's just right for you. You'll find great lease incentives too! So come on over to value! At your Ford or Mercury dealer.

These offers may not be combined. Retail buyers choosing a reduced financing rate in lieu of cash rebate are eligible for 10.9% financing over a maximum 48-month term on approved credit. Special financing is available when you purchase or lease any new 1990 or prior model year Tempo or Topaz. Example for \$15,000 financed over 48 months at 10.9% APR, the monthly payment is \$386.95, the cost of borrowing is \$3,573.60 and the total amount to be repaid is \$18,573.60. Assuming a rebate of \$750 as the alternative, should you choose a reduced financing rate instead of the cash rebate, legislation requires that the amount of the rebate must be included in the cost of borrowing in order to arrive at an effective interest rate. In the example given, the effective interest rate would be 13.02% and the total cost of borrowing including the rebate not taken would be \$4,323.60. Cost of borrowing will vary depending upon the amount financed and term of loan. Financing is available through Ford Credit only. Cash Back and APR offers are time limited. You may keep the cash or apply it to your transaction. Delivery must be taken from dealer inventory from July 5th, 1990 until terminated by Ford Motor Company. See dealer for details.
