GOVERNMENT NOTICE
Commencement of Planning/Preliminary
Design Studies**

**FOUR - LANING OF HIGHWAY 11/17
THUNDER BAY TO NIPIGON**

THE MINISTRY OF TRANSPORTATION (M.T.O.) wishes to announce the start of two studies which are part of a series of engineering and environmental projects being carried out in preparation for the four-laning of Highway 11/17, the Trans-Canada Highway, between Thunder Bay and Nipigon

Study #1 is a planning project which extends from the junction of Highway 11 and 17 at Nipigon westerly for 19 kilometres to the west boundary of the Township of Red Rock. This project will examine a range of options to four-lane the highway and maintain access to the businesses and residences located in the area. Also included will be the planning for twinning the Nipigon River Bridge.

Study #2 is a preliminary design study which extends from Highway 527 easterly for 15 kilometres to Lakeshore Drive in the Township of Shuniah. This project will establish a preferred location for the new lanes of the twinned highway.

These studies are expected to be completed in 1991 and will include comprehensive public participation programs. The first Public Information Centers are tentatively scheduled for the fall/winter of 1990. The centers will allow the public and interest groups an opportunity to discuss their concerns and the studies with Ministry staff. The public will be notified of these Information Centres by a general mail-out in the area and by notices placed in local newspapers. Both studies are being conducted in accordance with the requirements of the Environmental Assessment Act.

Later in 1990, the Ministry will be starting two additional planning studies for the remaining 67 kilometres between Lakeshore Drive in Shuniah and Red Rock.

We are interested in hearing any comments or concerns you or your group may have about the two studies being initiated. If you would like your name added to our mailing list, please forward it, or your comments and concerns to:

TVOntario's 20th Anniversary

September 27 is TVOntario Day in 175 communities across the province. That day, Ontario's provincial educational broadcast network celebrates its twentieth anniversary, with festivities in local communities and on air.

Communities across the province will celebrate TVOntario Day with a variety of events, from proclamations and city hall flag raisings to tree planting at local schools. Festivities will span the province, from Kenora on the Manitoba

border and Hepworth in southern Amabel Township to Mattawa and Alfred near Quebec; from the smallest communities such as Thornloe to the largest, including Hamilton and Toronto.

September 27 also marks another significant date- the twentieth birthday of Polkaroo, the star of TVOntario's best-loved series for children, Polka Dot Door. Polkaroo will join Toronto's mayor and TVOntario's chairman at Nathan Phillips Square at 10:30 a.m. on

September 27, together with school-age children from local downtown schools, to celebrate Polkaroo's birthday.

Polkaroo will be presenting the children with special TVOntario twentieth-anniversary t-shirts, emblazoned with the specially designed twentieth-anniversary logo.

Telesat Canada, Canada's national satellite carrier, is the official sponsor of TVOntario's twentieth-anniversary celebrations.
