

North Shore ringette teams challenge Thunder Bay for the right to go to North Bay

For the first time ever the local communities are challenging Thunder Bay for the right to represent North West-ern Ontario in the Provincial "A" Championship Tournament in North Bay.

Players representing Long-lac, Geraldton, Schreiber, Terrace Bay and White River have combined to form North Shore Regional Teams. All divisions are entered; Petite(8-11); Tweens(12-13); Junior(14-15); Belles(16-17).

The big event takes place at the Terrace Bay Arena February 23 & 24, 1991 with competitions between the North Shore Petites and Thunder Bay Petites and the North Shore Tweens vs Thunder Bay Tweens.

The winners will go on to greater challenges in the Provincial Championships.

Being unchallenged the North Shore Juniors and Belles, having qualified due to byes, will be on their way to the Provincial "A" Championship tournament being held in North Bay later in March.

Since this is an Ontario Ringette Association sanctioned tournament officials are being flown in from Sudbury and Winnipeg for the event.

Terrace Bay has the honour of hosting this -- The First Annual Playdown Tournament for our region.

Games start at 11 a.m. Sat. Feb. 23, with the North Shore Junior "A" team playing the Thunder Bay Junior "AA" team in an exhibition game. come out and watch our girls rise to the challenge.

Next, our youngest group -- the Petites begin their series of the best 2 out of 3 at 12:00 noon. This age group is highly entertaining.

Start time for the Tweens is 1:00 p.m. A great way to start your afternoon.

Enjoy the Hospitality Room during the break 2-3p.m. It opens at 10a.m. and refreshments will be served during the whole tournament.

Northern Insights

continued from page 2

Generally speaking, the problem gets worse the further south you go. Hunters in the south know their chances are better in the north, so more and more southern hunters are applying to hunt moose in the north. As the number of unhappy northern hunters increases, they get the impression that the south is, once again, ripping off the north.

The proposal of the hunters at the meeting at the Airline was to give special rights to northern applications. They asked Wood to create yet another special "preference" pool, for those who apply to hunt in a wildlife management unit close to where they live. This way, tags would be allocated randomly by the computer first to locals and then, if there are any tags left, those who live further away would have a chance.

Wood told me he's sympathetic to this idea of a "northern preference" pool. "There is a large difference in the lifestyle as far as the cost of living is concerned, the gas pricing is concerned, and people are different from northern Ontario compared to southern Ontario. They're saying we don't have the chance to be able to see hockey games quite as often, or go to the big theatres. We have our moose hunting, and we do it on our days off and on weekends. They feel that it's a renewable resource that they want to lay claim to, and it's their way of life. And I sympathize with that."

So, don't be surprised when Len Wood gives his report to Bud Wildman that he recom-

Area soccer association will be more competitive

The Terrace Bay - Schreiber Soccer Association is preparing for a new season and this year it will be running both mens' soccer, 15 yrs and up, and boys' soccer, 10-14 yrs.

Dave Ridley of the Association said this year the association will be a more competitive force in soccer, playing in both local and provincial tournaments, because it will be a member of the Ontario Soccer Association.

He said indoor soccer will be played until the weather allows the players to move outdoors.

Indoor sessions with a qualified coach will begin Feb 27, 7.30 at the Lake superior High School gym in Terrace Bay. Interested people can leave their names at either recreation office

mends giving northerners yet another special break - "northern preference" pool in the moose tag lottery. Southerners will complain that those "northern whiners" are getting yet another undeserved break. We've already stolen hundreds of civil service jobs by getting several provincial departments moved north. Then there's our special travel grants for medical treatment, special grants for northern municipalities and school boards, etc, etc.

I'm wondering when southerners will start seeking retaliation. They have to breathe dirtier air than we do. Will Torontonians argue for a special "air grant", to compensate? They have to travel further to find the quiet solitude of the wilderness. Will southerners start asking for special travel grants to visit the north? After all, it would only be fair. We're getting special rights to shoot a moose.

uncaring society runnelled through with filthy acceptables which they take as the norm.

Whether badness or goodness is born or bred, we have to clean up the mores of our society FIRST before we can hope to bring down the ever-growing statistic of these 'lost, bad' children who are growing up into 'lost, bad' adults no longer able to distinguish between good and evil.

In the meantime, we can hope and pray that something, or somebody, will come into their lives to open their eyes to a better world outside of their own narrow, depressed, hate-filled, revengeful one. A worthwhile, pleasant, mannered world where people act like THINKING human beings and not simply pre-programmed wild animals.

Parents of today, take a good, hard look at your children and see if they are truly our 'hope for tomorrow', and YOUR responsibility into turning them into such.

Life according to Baba

show-offy attitudes just to shock and provoke. Pitiful. When all this misdirected energy could so easily be channeled into becoming a better, more likable person with at least a hope of becoming a responsible, mature adult. This is the sadness of the human state, that we have children growing up in an
