GREY WATER DISPOSAL FROM PLEASURE BOATS

Environmental Protection Act
Regulation Amendment

INVITATION FOR PUBLIC COMMENT

The Ministry of the Environment invites public comment on amendments to regulations 305 and 310 under the Environmental Protection Act. The changes will make it illegal to discharge grey water waste from shower and sink facilities on pleasure boats into Ontario's lakes and rivers.

The amendments, designed to reduce water pollution, will affect new and existing boats. Adjustments will have to be made to store grey water in holding tanks, and discharge it at pump-out stations.

An information package has been prepared, explaining the changes in more detail including the rationale and implications for pleasure boaters. The package is available from the Public Information Centre (416) 323-4321.

Please send comments in writing by April 30, 1991 to:
