## Several charges laid at beach party

By Rob Cotton  
*The News*

A party at the Pumphouse beach in Terrace Bay early Wednesday morning, July 2, resulted in several individuals being charged with liquor related offences.

A crowd was gathered around a fire on the beach at approximately 1 a.m. when two officers from the Terrace Bay Police Service arrived.

The officers issued warnings to those possessing alcohol.

"In lieu of charges we began to empty bottles," said P.C. Wes Fenton.

### Ages ranged from 14 - 35

The crowd of about 100 was made up of individuals ranging in age from 14 to 35, Fenton said.

The situation had a different tone than usual, he added. For one thing beer caps were being thrown at the officers.

However, when the officers, having issued their warnings, were about to leave the situation changed.

### Tires slashed on police vehicle

"We heard the 'whoosh' of tires going down," Fenton said.

Someone had slashed two front tires and one rear tire of the Police Services four wheel drive truck leaving the two officers unable to respond to any other calls.

"That changed the tone of the enforcement," Fenton said.

At this point most of the individuals on the beach began

to clear the area, he said.

With the two officers essentially stranded on the beach a third officer was called to bring the second police vehicle down.

The OPP were called in for back-up and to assist in checking for impaired drivers leaving the area.

### Fire department called in

The fire department was called to put out the fire.

A tow truck was on hand in case the roadway had to be cleared to ensure access to the area.

Several charges were laid for the illegal possession of alcohol and intoxication in a public place.

One individual has been charged with causing a disturbance and assaulting police.

One resisting arrest charge and at least one impaired driving charge have been laid.

### Sense of responsibility required

"We know there will be parties," Fenton said, "but some sense of responsibility is needed."

With one fire truck, two fireman and three police officers with only one vehicle, tied up at the beach the safety of the whole town was put at risk, Fenton said.

"It created a dangerous situation in that the police could not respond to an emergency situation elsewhere," he said.
