

Rubber boot ball in Schreiber

Thank You

I would like to extend my thanks and appreciation to my co-workers who assisted me at the time of my accident. Special thanks to Dr. Rogers and Dr. Wilkes and the nursing staff at the McCausland Hospital for their care on my admittance and during my stay in Hospital. To all the people that called, sent cards, fruit baskets, visited or helped out in any way your thoughtfulness will always be remembered.

HELP DEVELOP HEALTH CARE PROGRAMS

The McCausland Hospital has been striving to serve the communities along Lake Superior for many years. It has always been our intent to provide you with the highest level of quality health care. In order to plan for the achievement of this goal, we need your input. Questionnaires have been created to determine the health needs of the people.

By completing these questionnaires as accurately as possible, you will help our health care planners to develop and implement programs that meet the needs of the community. Your responses will be analyzed to determine what services will meet your needs and expectations. All answers will be strictly confidential.

If you require more information, please call Kevin at 825-3273.
