

The Treadmill

Continued from page 2

Well, the realities of the New Physics are no less fantastic. Unfortunately, however, they've been masked under the cloak of scientific jargon and mathematical language for years. Finally, the veil is slowly being lifted. New books, written in plain English can be found everywhere ("Quantum Reality" by Herbert or "The Cosmic Code" by Pagets to name a few).

Although this article only brushes the surface of these theories, the New Physics is really nothing short of a complete revolution in classical scientific thought. The debate on its implications might utterly transform man's relation with the universe and his pursuit of truth and meaning. Pretty

headly topics, I know, but the next time you're in the mood for some outlandish and bizarre science fiction, try some of this "science non-fin". I guarantee it to be a roller coaster ride that will stretch your mind and imagination further than even the latest episode of Star Trek.

Thank You

We would like to take this opportunity to thank all the people who made the 1991 Cuboree a complete success.

Those people are Dave Kaizer, John Wilcox, Rose Halonen, Joe Boaro, and all the employees from the mill at Minnova mine. Also, Lynn Webber for driving the bus and Bill Slykhuis who was our cook for the weekend. Also, special thanks to Rainbow Falls Provincial Park for use of the campground that weekend.

Cub Leaders
Richard Saindon and Ed James

Thank You

I would like to thank everyone who contributed to my shower lists. Special thanks to Susan Webb, Laurajane Tymko and the ladies who helped in the kitchen and served. Your thoughtfulness is greatly appreciated.

*Sincerely,
Cathie*

Thank You

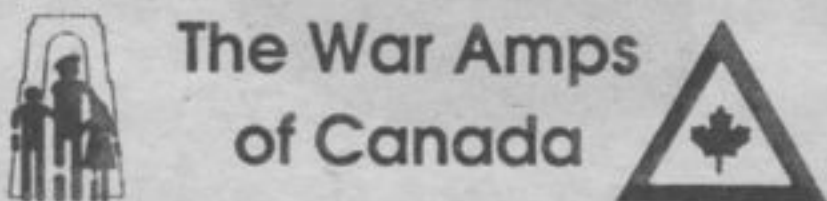

Special thanks to Paul and my wonderful family, to Father Campbell, to those who visited, phoned, sent cards, flowers, candy, fruit baskets, books and gifts. Special thanks to all those who prayed for me! God bless you all!
