

# A very successful venture

The Parent Teacher Association at St. Martin School in Terrace Bay managed to raise \$1,100 in support of the grade eight trip to Toronto this coming May. They raised the money through the sale of 995 valentine flowers through Strawberry's Floral Boutique. # WE STACK UP TO ANYBODY

According to the latest P.M.B. results, 61% of all adults in English Canada receive a community newspaper on a regular weekly basis: EXACTLY THE SAME PERCENTAGE receiving a daily newspaper.

So if you want to reach the people next door, take a look at us. And you'll come to agree that your community newspaper stacks up to anybody.

And of that group 97% turn to their local newspaper for informative editorial topics which address issues pertinent only to their individual community: special interest news they can't find in a daily.

And because the average reader refers to his local newspaper on an average of 2.4 times per issue, this consistent, steady readership offers the ideal opportunity to deliver your one time advertising message again and again.

In fact, one National Daily Newspaper buy plus one National Community Press buy will provide a more cost-efficient reach with a 10% higher net coverage than a 4-insertion National Daily Newspaper Campaign.
