Terrace Bay gets grant for survey

Terrace Bay is receiving a \$25,000 provincial grant to survey a parcel of land for the Aguasabon Beach development, Northern Development and Mines Minister Shelley Martel said in a press release dated March 3.

"This assistance tops off \$300,000 of waterfront development funding for Terrace Bay," Martel said. "It will lead to tourism development and recreation for residents."

A total of \$400,000 is being spent on the development, including work being done at the gorge and a consultant's study that recommends further

development plans for the beach.

The Township is providing the remaining \$100,000.

"(The survey) will take in the land from the highway to the lake, including the gorge," said Terrace Bay Clerk-Treasurer David Fulton.

"Right now Kimberly Clark owns the property, and they've agreed to transfer ownership to us," Fulton said.

He said the purpose of the survey is to determine the boundaries of the land the Township will need for the beach development.

The grant is provided

through MNDM's Northern Community Economic Development Program.

"This is another step towards shoreline development for Terrace Bay," the press release quoted Lake Nipigon MPP and Minister of Transportation Gilles Pouliot as saying.

Most of the work is scheduled for completion this winter, but a few projects will be finished this spring.

"They can't really finish the parking lot until the frost is off the ground," Fulton said.

"And there's a few other odds and ends that they have to wait for the spring to finish."

New Medical/Dental building possibility for Schreiber

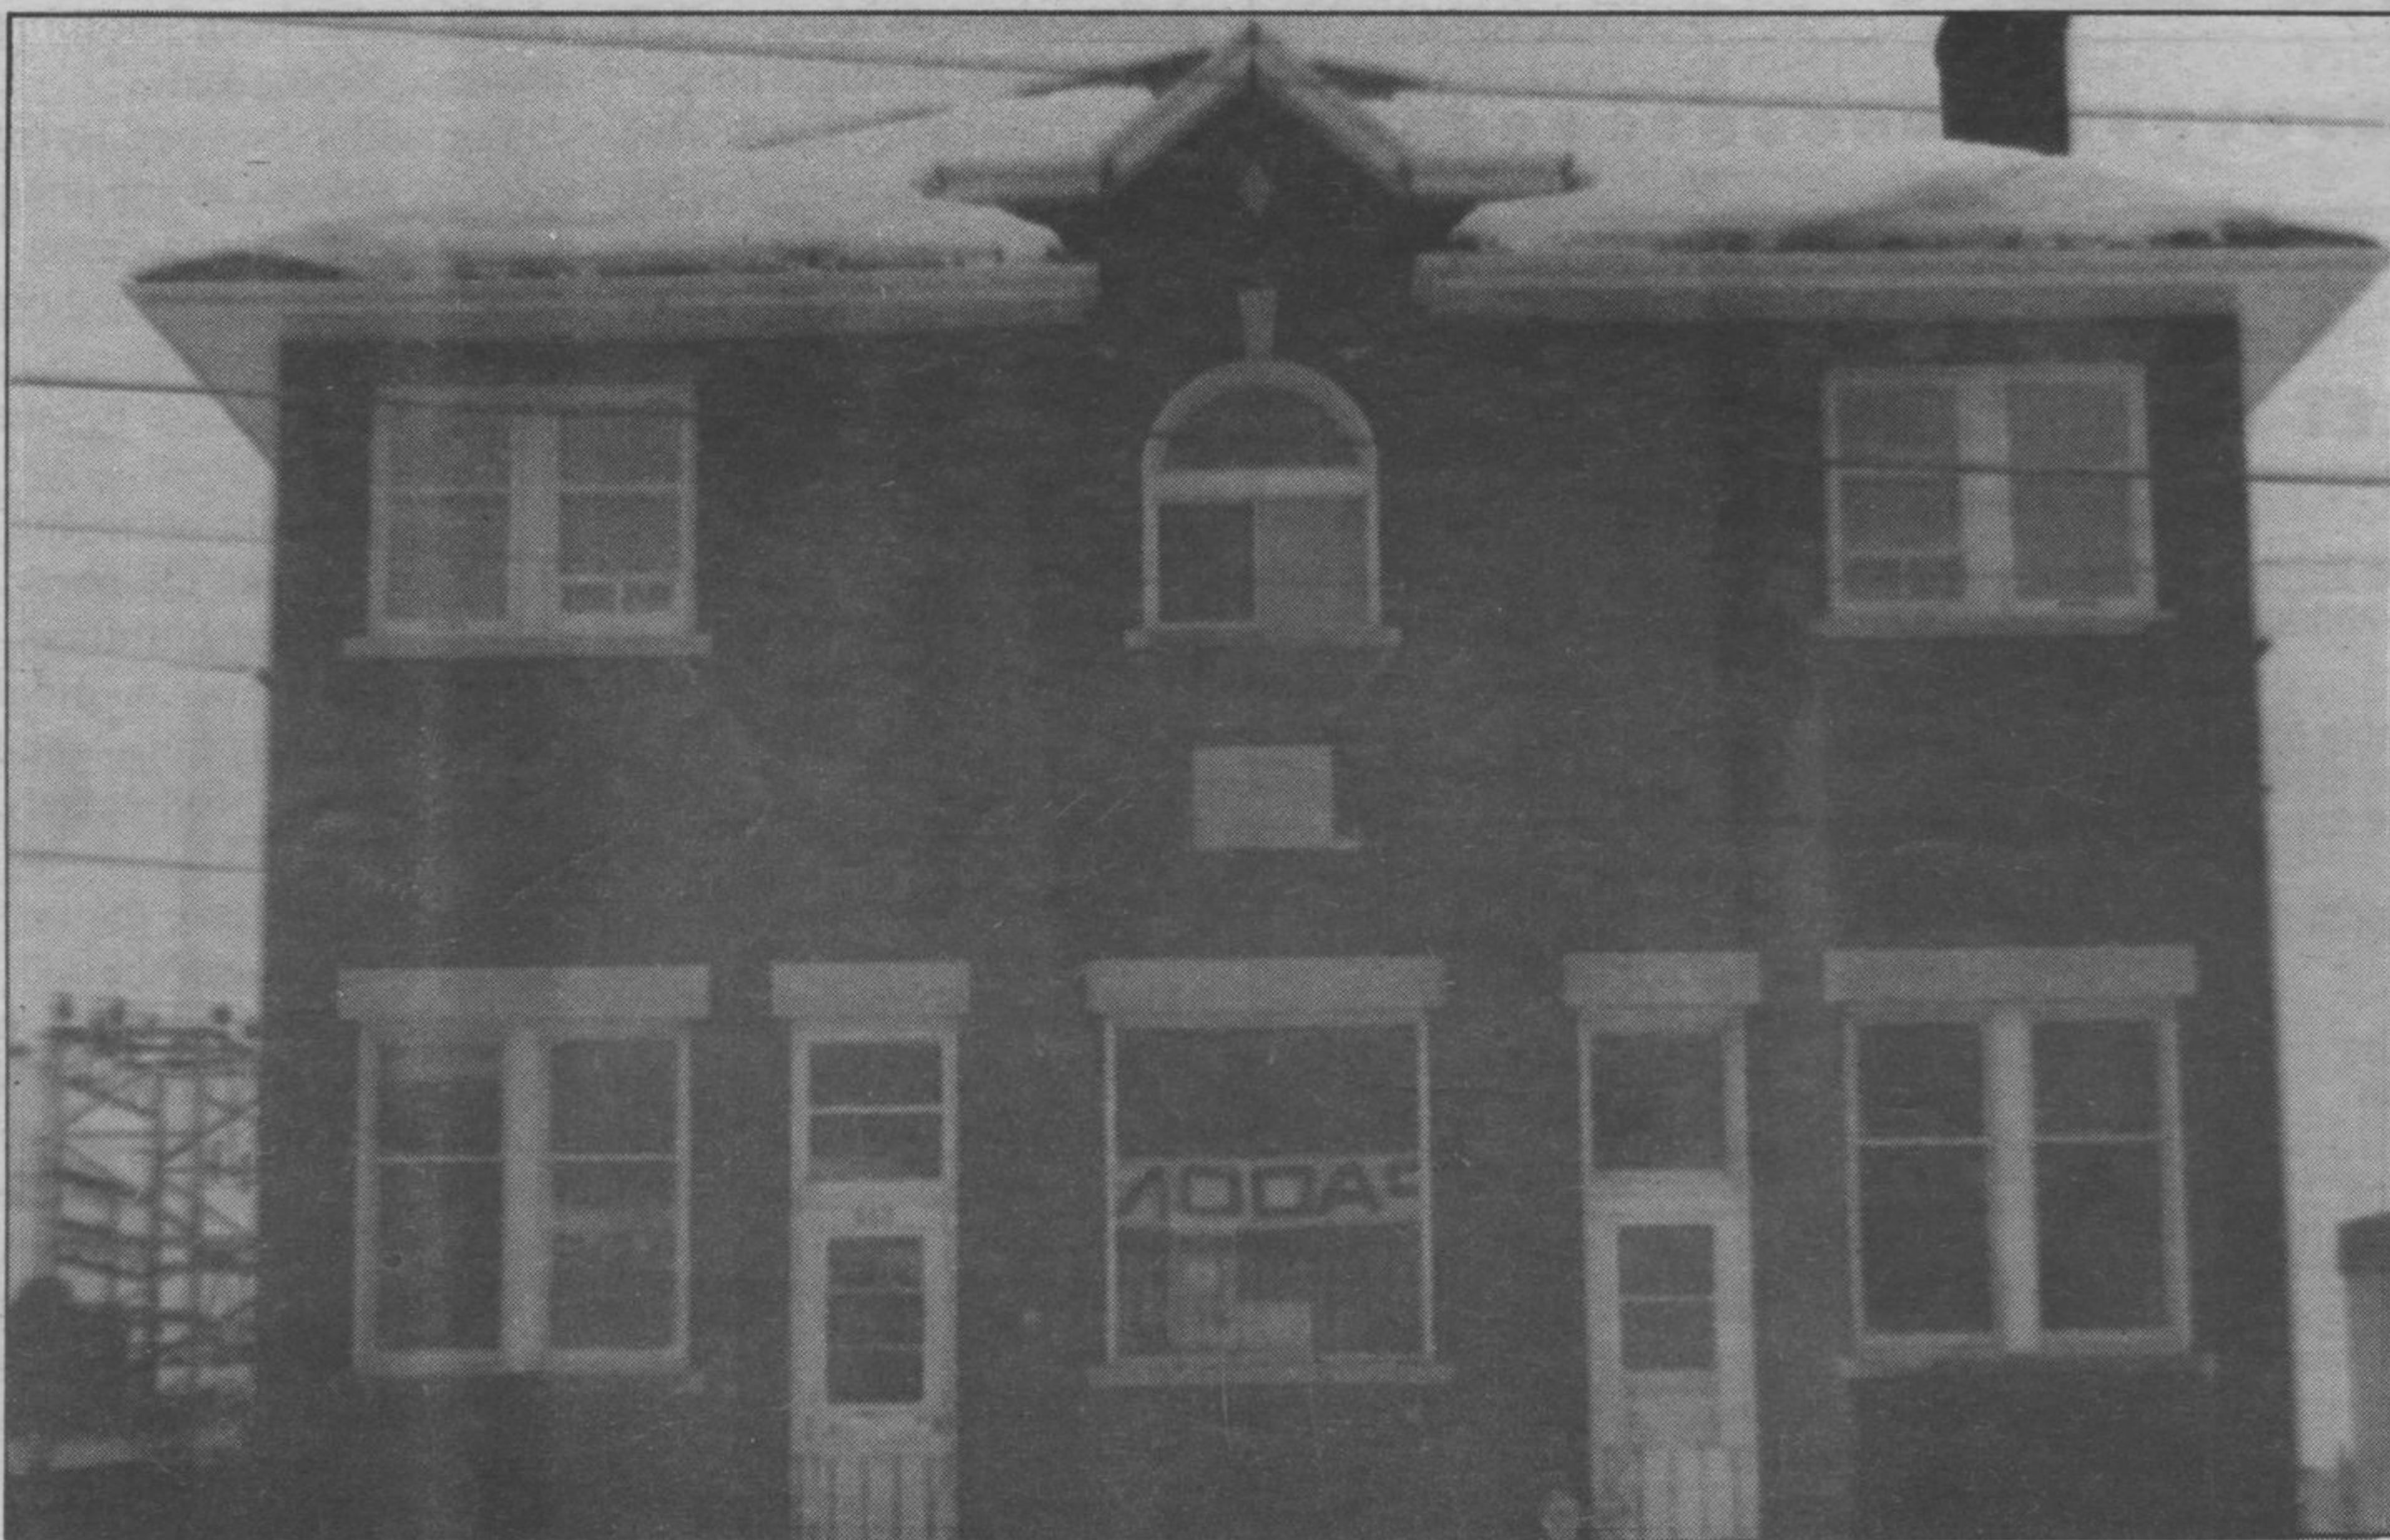

by Darren MacDonald
The News

The Township of Schreiber is applying for a \$265,000 grant from the Ministry of Northern Development and Mines to build a combination medical/dental centre.

Schreiber Council passed a resolution to apply

Residents concerned about the future of Schreiber Town Hall

No decisions have been made about what to do about the Schreiber Town Hall, which costs \$25,000 a year to maintain and houses only the Library. But some residents feel more is at stake than money.

by Darren MacDonald
The News

Preserving the town hall in Schreiber was on the mind of a delegation of citizens who attended Schreiber Council March 3.

Schreiber Reeve Bob Krause told them that no definite plans have been made concerning what will eventually be done with the hall.

"But my personal feeling is that it should come down," Krause said.

As it is, he said yearly maintenance costs for the building are about \$25,000. Even if it's renovated, Krause said maintenance costs would be considerably more expensive than they would be for a new building.

He based his figures on a consultant's study which looked at the costs of renovating and maintaining the existing building, and looked at the costs of a new building.

He also said a survey was done asking residents for their
