

# Health Minister

continued from page 5  
throughout Ontario. Based on recent reports, the Ministry of Health will be developing its strategy as one of our delivery-systems reforms to help us pre-

serve medicare.  
Let me assure you that as we develop our strategy and National Strategy, great care will be taken to consult with all affected parties, including medical and consumer representatives. This will help us ensure that the basic principles of access to care, cost-effectiveness and quality of education will be guaranteed.

In addition, the unique con-

cerns of the communities of Northern Ontario carry a great deal of weight in the decision-making process as we develop health policy in the province of Ontario. Special programs are already in place and are proving successful.

Thank you again for writing to let us know of your concerns.

Yours sincerely,  
Frances Lankin, MPP  
Beaches-Woodbine  
Minister

## IN MEMORIAM Boon - Norman

*Oh, I have slipped the surly bonds of earth  
And danced the skies on laughter-silvered wings;  
Sunward I've climbed and joined the tumbling mirth  
Of sun-split clouds - and done a hundred things,  
You have not dreamed of - wheeled and soared and swung  
High in the sunlit silence. Hov'ring there,  
I've chased the shouting wind along and flung  
My eager craft through footless halls of air.  
Up, up the long delirious, burning blue  
I've topped the wind-swept heights with easy grace,  
Where never lark, or even eagle, flew;  
And, while with silent lifting mind I've trod  
The high untrespassed sanctity of space,  
Put out my hand and touched the face of God.*

Sadly missed by Lynne, Stacey, Stephen and Chuck

## IN MEMORIAM

In memory of the "Oldtimer" who passed away June 16, 1991.

*Gone but not forgotten*

Sadly missed by  
Renaldo

## IN MEMORIAM

BOON, Norman: In loving memory of a dear brother and uncle, who died so tragically on June 16, 1991.

*We enter this world from the "Great Unknown"*

*And God give each spirit a form of its own  
And endows this form with a heart and soul*

*To spur man on to his ultimate goal*

*For all men are born to Return as they Came*

*And birth and death are in essence the same*

*And man is but born to die and arise*

*For beyond this world in beauty there lies*

*The purpose of death which is but to gain*

*Life Everlasting in God's Great Domain*

*And no one need make this journey alone*

*For God has promised to take care of his own.*

Marelene, Jim & families.

# Water to Wiseway

continued from page 2  
ence room and training centre, where the BDC would offer computer training courses.

"It's hard to understand (why council would be reluctant to run water to the building)," says BDC member Juris Zdanovskis. "I've never seen another place where you don't have water running to commercial buildings. I could have sold that place I don't know how many times over if it had water."

# When Canadians work together we can take on the world and win.

To succeed in today's world, Canadians must be able to compete because our jobs directly depend on it. Preparing ourselves through training will help us to compete and secure the prosperity we want for ourselves and our children.

We have to invest in ourselves and be a country that says ... yes we can.

SWEEP RITE MANUFACTURING INC., REGINA

Everyone knows a small company from Regina can't compete in world markets. Everyone, that is, except Les Hulicsko, President of Sweep Rite Manufacturing Inc. His high technology, innovative, mechanical street sweepers are cleaning up around the world, with exports accounting for up to 75% of sales.

*Yes we can.  
We've got the proof.*

Canadians are succeeding every day. Many individual and business successes exist... with real benefits for individuals, the communities they live in and for Canadian industry.

Hundreds of Canadian companies are achieving remarkable international success. They're creating jobs, developing new skills and opportunities for thousands of Canadians and creating markets around the world for Canadian products.

COMMUNITY TALKS

The Prosperity Initiative's Steering Group is developing a consensus-based plan of action to be presented to Canadians in September. Canadians told us that they wanted to participate in developing this plan of action. We listened...

Through a series of "Community Talks", thousands of people in 186 communities across Canada have contributed their ideas. They talked about how to address the challenges and opportunities facing us all in the areas of competitiveness and learning. They talked about how to maintain our standard of living and secure our economic future. They concluded that all of us have to play a part...and the government is listening.

*Yes we can.  
We've got the ability to build on our successes.*

We have a history of working in co-operation with others for world-class achievements in peacekeeping, medicine and space exploration. Now, with business, labour, governments, academic and social groups working together, we can achieve prosperity through international competitiveness. But there is one more critical factor: Canada's ultimate potential depends on the commitment of individual Canadians to being the best.

ANITA LÉGER, QUEBEC

"I moved to Quebec with an Ontario teacher's certificate. For several years, I could only get work as a substitute. I knew it would be hard to get a full-time job if I didn't re-qualify, so I took my Quebec Certificate. I now teach full time, have a better salary and realize that if you want a better future, you have to be ready to retrain. It was worth it for me!"

*Yes we can.  
We've got the people.*

It's time to focus our energies on our most important economic challenge yet ... and prepare ourselves for a more prosperous future.

**Yes, we can!**
