

Terrace Bay Committee shuffle

Effective July 9, Terrace Bay Councillors have shifted many of their committee posts.

Chris Joubert takes over for Mike King in Administration and Social Services, while King moves over to Public Works and Tourism. King is also moving over to the Personnel and Recreation Committee, taking over for Joubert.

John St. Amand is leaving Protective Services for Public Works and Tourism.

St. Amand takes over for Bill Houston, who is taking St. Amand's spot at Protective Services.

EAGER in Schreiber

After a request from the Schreiber members of EAGER, Schreiber Council agreed to allow the use of the old ambulance garage in Schreiber as a can recycling depot.

EAGER feels that more people in Schreiber may be willing to save their cans if there is a convenient drop-off for them to use.

The ambulance garage is located downtown, next to the Schreiber Medical Centre, so it's an ideal spot. We're hoping that people will take advantage of this opportunity to reduce the waste that's sent to the landfill.

All they have to do is rinse out their cans and, if they can, crush them.

After the can day, the cans will be brought out to Minnova by volunteers. From there, it'll be picked up for use as scrap metal.

Since there is no payment for recycling cans in Ontario, volunteers are needed to keep the service available. Some

local groups may become involved, but people interested in helping the environment are the core of this program.

We're hoping to have a can day one Saturday a month, volunteers willing.

EAGER would also like to share a few tips to help reduce garbage, as well as save money. From time to time, when space permits, these tips will be printed in The News.

Instead of buying sandwich bags, save the clear milk bags. They're an ideal size for sandwiches, and are quite thick, which makes them great freezer bags. Just cut the top open and give them a rinse.

Reuse your produce bags from the grocery store. Either bring them with you the next time you shop, or use them at home. Save your bread bags too, along with the twist ties, to use the next time you bake bread, muffins or cookies.

Put all of these bags in an empty kleenex box. It keeps them from cluttering your cupboard and dispenses them one at a time.

Plastic covers with elastic

around the edges are a great substitute for plastic wrap. They come in a variety of sizes to fit almost any cup, bowl or pan, and can be used over and over.

Keep reusable containers on hand for the same uses. Many plastic storage containers also double as microwave dishes and are perfect for sending a hot lunch.

If you have any ideas that will help us help the environment, we hope you will share them with us through The News.
