

Schreiber to pay for deficiencies

In order to access \$350,000 in grant money, Schreiber Council has decided to pay to rectify the remaining deficiencies on its Sewage Treatment Plant.

The cost of remedying the deficiencies is estimated at \$5,000. The problems include everything from cracked or peeling paint to broken motors.

Once the deficiencies are taken care of, the design engineer and the project coordination branch of the Ministry of the Environment of Ontario

Community briefs Compiled by Darren MacDonald

(MOE) will do the final inspection of the plant.

Once that's done, the Township can apply to receive remaining grant money from the Ministry of Northern Development and Mines and MOE.

The grant money will allow the township to pay off the rest of the loan it took out to build the plant.

Work on the Water Pollution Control Plant, as it's officially known, began in 1990, and it cost about \$3.5 million to build.

Schreiber Public Library news

The Library has been a hub of activity over the summer months.

Student Anna Maria Comisso was hired under the Summer Employment/Experience Development (SEED)

program for a six week period. The theme of the summer reading program was "Readers are Good Sports", reflecting the Summer Olympics. There was an excellent enrollment in the summer reading program and many activities were enjoyed. Co-working with the Experience '92 student, Anna also drafted a newsletter for fall mail-out and performed general library duties.

Under the Ministry of Culture and Communications Experience '92 grant, Alice Herculson was hired for an eight week period to catalogue the archival collection, assist with the planned cultural and ethnic display for late fall, and co-work on the newsletter.

Ontario Public Library Week is Oct. 19-25, the theme being "Count on Us". Many activities are planned. Watch the bulletin board at the library for further information.

Louise Stefurak and Teresa Stortini were awarded St. John Ambulance safety oriented first-aid certificates for training held in June.

The popular Story Hour program will commence Oct. 3. The program takes in children ages three to five. Also starting up soon is the women's Drop-in Program, beginning Oct. 5. The first session will be for planning and idea sharing, and children are welcome attend with mom.

New Books in the library include:

Moore/George willing to pay for materials

Moore/George Consultants have agreed to pay for the cost of materials to repair the Aguasabon Gorge observation deck. Problems with the deck's boards emerged last summer when they began twisting. The problem may be solved if stringers are placed down the centre of the boards to re-enforce them.

Because Council considered

the problem to be a design flaw, they wrote Moore/George, asking them to pay for the work.

"They agree that there's a problem, and they're willing to pay for materials to rectify the problem," says Terrace Bay Clerk-Treasurer Dave Fulton. The township would have to pay for the labour.

Fulton says the matter will be brought to the next meeting of Council, where councillors will decide what action they want to take.

Terrace Bay power outage an Ontario Hydro problem

An Ontario Hydro equipment failure was the cause of a power failure last Tuesday afternoon in Terrace Bay.

"The problem was at the switch where the Ontario Hydro line meets the Terrace Bay Hydro line," says Terrace Bay Hydro spokesperson Sandy Pawson.

The two lines meet on the other side of the Aguasabon River, says Pawson.

She also says the outage had nothing to do with the work TLC Power Systems have done in Terrace Bay.

"It was an Ontario Hydro switch, and they came and fixed it," says Pawson.
