SERVING THE COMMUNITIES OF TERRACE BAY - SCHREIBER - ROSSPORT AND JACKFISH LAKE

## EAGER pleased with recycling day

CP volunteers (above) helped collect and sort the paper, plastics and metal the Environmental Groups Encouraging Recycling received during its expanded collection day last Saturday. More on page 9.

## Slow-pitch suspended

by Darren MacDonald  
 Staff

Terrace Bay Council has suspended operations of the Terrace Bay Men's Slow-Pitch League until the league pays nearly \$1,000 it's still members owe in membership fees from last season.

At its meeting on Sept. 30, Council decided that rather than sending letters out to each individual that owes the recreation centre money, it would send one letter out to the league's president informing him that the club was suspended until the outstanding fees were paid.

"One simple letter will do this," said Reeve Jim Ziegler. "We tell them that they can't play ball until this is paid."

Ziegler said that the township relies on the fees to maintain the condition of the ball field.

"They complain about the condition of the ball field, and then they don't give us the

## Council digs in their heels over walkway

by Darren MacDonald  
 Staff

Terrace Bay Councillors aren't happy with the response they've received from Moore/George Associates, designers of the Aguasabon Gorge Walkway.

Council had asked Moore/George to pay the full cost of placing wood stiffeners down the centre of the Walkway to prevent the boards from warping, which they have started to

do.

But in a letter dated Sept. 18, Moore/George replied that they would be willing to pay for cost of the materials to fix the problem, which they estimate would be \$1,000. The township would have to pay for the labour to install the stiffeners.

However, Moore/George also says that the \$1,000 should be deducted from the \$4,455.48 the township is already withholding from them because of

problems with the design of the walkway's steps. So in effect, the repairs wouldn't cost them anything, since the township has no plans to give Moore/George the money they're withholding.

The \$4,455.48 represents half of the cost it took to deal with another design problem, says Terrace Bay Clerk-Treasurer Dave Fulton.

"The original design called for 12 stairs between the two

levels, but Moore/George changed it so there would be nine stairs," says Fulton. "And then they changed it back again so there would be 12."

But the engineering firm responsible for the footings surveying and layouts, Proctor & Redfern Ltd. of Thunder Bay, didn't pick up on the final changes to the stairs, says Fulton.

"So they laid it out for nine
