

Discover a pain-free life with Bowen Therapy

Australian Bowen Technique has a proven track record in resolving even Chronic cases of sciatica, back, neck, shoulders, knee, muscle, nerve, TMJ Pain, scoliosis, fibromyalgia, migraine, arthritis and sports injuries.

Marina's Testimony

I fell and hurt my tailbone a few years ago and as a result had back pain continuously. I tried everything – Chiro, RMT, Physio, Acupuncture etc. and found no relief. Lately the pain moved into the joint area of my leg and went from sporadic throbbing to constant throbbing. I saw a Bowen Sign and said “Hey, why not?” During my first treatment I thought “This was the oddest experience” as compared it to all the other manual treatments I had had. However the therapist's gentle voice and relaxing manner, along with the peaceful music made it a relaxing experience and I wondered what the end result would be. During my first week, I noticed the throbbing had lessened. After my 2nd treatment the throbbing was gone. I finished my 3rd and the pain was completely gone and now I am able to go up and down the stairs without feeling like I'm 180 years old carrying a 50lb bag on my back. This has worked for me and I am grateful.
