They were all so well authenticated as to leave no doubt as to their complete trathfulness, but had any doubt remained its last vestige would have been removed by a cure which has recently onte under our personal observation. It is the case of Mr. John Allen, a prominent young farmer of the township of Greenock. Mr. Allen is so well known in Walkerton and the vicinity adjoining it, that a brief account of his really remarkable recovery from what seemed an incurable disease will be of interest to our readers. On the contrary, however, he daily continued to grow worse, and it was not long before he had to give up work altogether. From the back the pains shifted to his right leg and hip where they finally settled and so completely helpless did he become, that he was unable to do more than walk across the room and then only with the aid of crutches. Of course he consulted the doctors, but none of them seemed able to do him any good. People in speaking of his case, always spoke pityingly, it being generally thought that he had passed from the world of activity, and that he was doomed to live and die a cripple. Not satisfied with this, they met a young Lindsay boy-in attendance at school here—and took him into the bar and treated him. Nothing would do the bullies but that the boy should take an intoxicant. A most unfortunate and extremely sad accident occured yesterday morning, by which Thomas Rodgers, son of Mr. John Rodgers of the south ward, lost his life. Rodgers was a section man and was com ing into town on a hand car from Hutton's grove. At the time of the accident several men were on the car, and while formy the past few years the Tele- one of them was applying the brake, Rodgers, who did not have a firm hold, in some way fell back, breaking his neck on the rails. Rodgers was twenty years of age and a young man of unreproachable character. Deceased was a member of the Sons of England, under whose auspices the funeral will take place to-morrow. Let the people of this community subscribe a couple of hundred dollars wherewith to secure a becoming testimonial to this youthful martyr This brave girl did not wait to consider her own danger; it was enough for her to know that a human being-her own baby sister-was battling for existence in the hissing blaze, and so this chivalrous young soul rushed to the rescue and made a gallant attempt to save the child.
