Finally, Mrs. Wells died, and a brother of Bernard's father, a poor hard working man, came forward and offered the little boy a home. Bernard worked for his uncle, who kept a little store. What a Hamilton Manufacturer Has to Say. Mr. James Brayley speaks for the

THE PROPER POLICY.

Our representative interviewed Mr. James Brayley, of Hamilton, at his office, 58 King William Street. Mr. Brayley is an enterprising business man, and one of Hamilton's foremost manufacturers. His goods, Saddlery hardware, punches, dies, etc., are known from Halifar to Vancouver, and stand very high in the estimation of the trade.

Mr. Brayley said: "For years I have been troubled with gravel and weakness of the kidneys. I had to stand up and clench my teeth when urinating, so intense was the pain. The pains around my loins where almost intolerable, and I felt as though a cat were being pulled down my back by the hind legs.

"I went from bad to worse till at last I could not urinate at all, and had to be operated on. I had no confidence in anything, and made up my mind to suffer torture to my dying day. Reading the testimony published by the Doan Kidney Pills Co., I saw a similar case to my own, and, being in constant agony, decided to give them a trial, and got a box of the pills from Spackman's drug store, at the corner of Market

"It did me no good, so I got another, and Office hours 9. a. m. another, until I had taken four boxes, and was about giving up when relief came. I continued to take them till the pain left my back, and I am now as limber as an eel. Instead of getting up a dozen times a night I never get up more than once now. The urine is now perfectly clear and has no sediment of any kind.

"I am delighted to testify in behalf of Doan's Kidney Pills, as they cured me after the last ray of hope had fled."
