LOCAL NEWS LETTERS.

CHRONICLE CORRESPONDENCE.

PORT PERRY

Master Edgar Butt of Shaw's is visiting at the home of Deputy-Reeve Rundle. W. Williams, of Toronto, was visiting relatives in this vicinity this past week. Mr. C. W. Cresswell, of Westgrove, Pennsylvania, is a guest of Inspector McBrien. Miss Julia McBrien leaves on Monday for Philadelphia and Atlantic City for a trip. Mr. and Mrs. A. Gilroy were in town last Saturday, having wheeled in from Toronto. Mr. E. A. Nott, of the Peterboro Examiner staff, was in town this week visiting friends. Miss Julia McBrien, from the ladies' pre-employment college, Toronto, is home for the holidays. A. W. Allison has bought the residence of Joshua Davis and soon takes possession of his new home. Mr. W. Hiscox's family left on Tuesday to occupy their home-like cottage for the summer at Pettit's. Died—At Shirley, on Monday 6th inst., Elizabeth Hall, relict of the late James Hall, in her 65th year. Mr. P. Maitland left yesterday (Thursday) for Scotland to visit his native heather and enjoy a well earned holiday. Sunderland lawn tennis club will play our club on this Friday. As both teams are good players a close score is expected. 119 pupils were in attendance at the examinations here last week. This week a large number are writing in the higher exams. Mr. Robert White, lately teacher at Prince Albert, has passed his second year at Toronto University with honors in mathematics, etc. He was one of our high school pupils. A new arrival in town in the shape of another Chinaman named Ga Choo. It is interesting and laughable to hear the two Chinaman talk, especially when they become a little excited. The Jessop Furniture Co. have added to the undertaking branch of their business a very fine casket wagon and they intend making an ambulance wagon of it in a short time for use in accidents, etc. Mr. Charles Fallis, postmaster at Prince Albert, was unfortunate in losing a purse containing \$7.50 on the 30th ult., between Blackstock and Prince Albert. He offers a good reward for its return. Mr. N. F. Peterson and family are coming to town for the summer months and will occupy their own residence on Ross street. Their many friends and acquaintances will be pleased to welcome them again. Geo. M. Jones, son of Mr. C. W. Jones, has been secured by Whitby collegiate institute as modern language teacher. Thus do our high school scholars climb the ladder. He was also successful at the examination of the school of pedagogy, passing in English, French, German and history. Mr. C. W. Owens, teller of the western bank, Oshawa, was a guest of F. J. McMillan in town last night. Mr. Owens was under an unlucky star as nearly every time he comes to town he has a mishap of some kind. The last trip he had some punctures in the tires of his wheel. Better luck next time Mr. Owens. At the examinations of the Toronto conservatory of music Miss Josephine B. Hayes, of Prince Albert, passed in the theoretical department. Miss Nettie McTaggart, of Myrtle, took second class honors for the first year in piano-forte. Miss Leila Mehary, of Port Perry, passed her first year in the theoretical department. Fruit pilfering. The fruit season is here, and the mean boys are at their sneak work again. If those who have their fruit stolen would make an example of some of these boys who think it fun to steal their neighbors' fruit it might be the means of stopping such thieving meanness. I know a case where people have had to absent themselves from church service on the Sabbath so as not to have their trees destroyed and the fruit stolen. Someone ought to catch before many weeks pass over and the one caught will then wish he had heeded the commandment, "Thou shalt not steal."

TOWN PARK

At the council meeting last Monday Councilor Jeffrey introduced a resolution to have that fine plot of land adjoining the town hall enlarged and laid out and fitted up for a park. Messrs. Bateman and Rundle, to the surprise of the ratepayers of our town, objected on the score of expense. If those two members of the council want to stay out doors in their own back yards that is no reason why the majority of our citizens should be deprived of a nice little park, which can be arranged at a very limited expense. Let the council instruct Street Commissioner McKnight to make a suitable park and it will be done without being extravagant, and without, it will surprise those who object to the outlay, and McKnight will have a comfortable and cosy spot for visitors to spend a pleasant hour when visiting in town, and will be used by our own citizens as well.

GREENWOOD.

Miss Johnston, of Ashburn, is visiting her cousin, Miss M. and N. Johnston. Mrs. T. Stephenson, of Kilmie, spent Sunday with her daughter, Mrs. F. L. Green. Mr. Thomas Ward, of Whiteville, is visiting his brother, Mr. W. Geo. Ward, at present. Miss Susie Gerry has inflammation of the lungs. May she have a speedy recovery is the wish of all.

SAINTFIELD.

Most crops are looking well; fall wheat is beginning to turn its color from green to golden, and is falling remarkably well. Hay is fair and many are busy cutting it. The White Wheat crop is almost a failure all over the country, while barley is apparently good. The strawberry crop was good and lasted a long time. Bad luck to the boys who stole them from the poor old man in the village. Last Saturday Mr. Malyon had his friends assist him in raising a nice, snug little barn on his lot, which will be a great benefit to him we trust in years to come. All went well except that the proprietor got struck on the head by a falling girt. He recovered rapidly and was soon at work again. Mr. Raines, was the contractor, and did his work to the satisfaction of all present.

GREENBANK.

There will be some fall wheat cut next week. Look out for the laying of the corner stone of the new church. The fine rain on Monday, although it damaged the hay that was laying cut, did a great deal of good to the other crops. Visitors.—Mr. and Mrs. A. Stephens, of Guelph, Mrs. S. Hewitt of Toronto, Mrs. F. Percival, Newcastle, Miss Maggie Bell of Pickering. The sacrament of the Lord's Supper will be observed in the Presbyterian church next Sunday commencing, service commencing at 11 a. m. Preparatory service on Friday afternoon. In last week's correspondence, as it appeared in print, we were made to say the proceeds of the Methodist B. S. anniversary were \$13 30, \$130 is the correct figure, and with an after social on the following evening this was somewhat augmented. It has leaked out that in the event of the Upper government being sustained at the late elections our post office was to be removed from the present location to the store across the way and a little to the south. A more unpopular appointment could hardly be made. Truly the people of this vicinity have great reason to be thankful that the government went under.

BROUHAM.

Mrs. Ed. Willson of a young son. Mrs. Emma Littlejohn was home over Sunday. Miss Becca Linton visited Cherrywood Sunday. Miss Lizzie Turner is not much improved in health. Mr. Joe Burk picked 250 boxes of raspberries Monday. Teachers meeting was held at W. J. Boddell's last Tuesday evening. Mrs. Dunham is visiting her grand daughter, Mrs. Johnson of Toronto. Mr. Colewell and two daughters of Markham called on Mrs. Hargrave last Tuesday. Mr. Colman spending his vacation with his mother, Mrs. Colman is still at her mother's who is very low. Mrs. Wagner's brother and family visited with her over Sunday, also a nephew on Tuesday who rode from Quebec on his wheel since Monday. Mr. Frank Gerow played with the Riverides Sr., who won the championship of Canada. He teamed up with the juniors who also won the junior championship.

MANCHESTER.

Mrs. Jos. Mitchell is visiting in Barrie. Mr. Frank Lamb is able to work again. Mr. Jos. Munro has returned from Oshawa. Miss Maud Spence spent last week in Peterboro. Mr. Thos Smith had quite a successful raising on Wednesday. Don't forget the Prospect S.S. anniversary on Sunday and Monday. Mr. John Munro, of Pittsburg, is spending his holidays here with his parents. Pathmaster Spence is making great improvements in the way of building new sidewalks. Mr. and Mrs. Arthur Harmer and family, of Chicago, are visiting with Mr. and Mrs. R. S. Parks. Mrs. John and Robert Graham journeyed out to Dalrymple on Monday to scoop in the huckleberries. Mrs. Wm. Christian and family, of Bracebridge, are visiting here with Mr. and Mrs. John Tennyson. Mr. Archie Ewers is confined to his bed and under the doctor's care. We hope he may soon be well again. Mr. Chas. Ewers, of Clineburg, and Miss Nancy Ewers, of Toronto, are spending their holidays with their parents here. The night of meeting of the epworth league has been changed from Wednesday to Tuesday evening. The members will kindly bear this in mind. Miss Minnie Robson returned home on Thursday week, after a few weeks visit with relatives and friends in Geneva, N.Y. She reports having had a grand time. Mr. and Mrs. W. F. Dobson took part in the programme at the Columbus Sunday school anniversary concert of Monday evening last. Their services were much appreciated.

BROOKLIN.

Mr. R. H. Walks is home from Lindsay. Mr. James Farewell of Hamilton, is here visiting his grandparents, Mr. and Mrs. S. Bell. Rev. R. B. Smith of Ashburn, preached in the Presbyterian church last Sunday afternoon. Black currants are very plentiful here and are being shipped in large quantities to the Toronto market. The cheese made in the factory here was sold at Peterboro on Tuesday, and was shipped away on Thursday. Rev. J. B. McLaren's subject for next Sunday afternoon is "Predestination." It is likely that a large congregation will listen to his discourse. Mrs. E. R. Eddy has been engaged as teacher in the junior division. She and her husband will enter upon their duties here on the re-opening of the school in September. The heaviest shower of the season passed over here on Monday afternoon. It lasted about twenty minutes, but more water fell than would in two hours of an ordinary rain storm. The Maple Leaf foot-ball team played their first game for this season at Columbus, on Monday afternoon, beating the home team by a score of 2 to 1. "The Maple Leaf" forever!

Mrs. T. J. Holliday and Mr. Fred Holliday left on Friday for Hamilton, going by boat down the St. Lawrence to Quebec and thence by the Intercolonial Ry. They expect to be away about six weeks. The elevator company are having a new boiler put in the engine room, and other improvements are to be made at once, so that it will be in readiness to receive grain as soon as the farmers want to deliver it. The executors of the estate of the late Whitwell Hall will offer the three farms comprising the estate at auction on Saturday, 23rd inst. at Selkirk's hotel. This property includes the farm now occupied by Mr. Wm. Reason. The others are in the townships of Darlington and Laxton.

Mr. J. Adamson and sister visited friends in Hampton last week and found all enjoying good health and dry weather. A part of the Kickapoo company spent Sunday with Mr. and Mrs. Ed. Gleason. Glad to see the good hearted little Irishman back again. Other visitors we noticed in our midst over Sunday were Mrs. Green, Miss Madden, the Misses Teedy of Toronto, Miss Madden of Whitby. Mr. W. Pengelly has taken down all his old stables and is now busy erecting new ones. Buff is a hustler and intends to have everything done up in the next week. Miss Tillie Tait is spending her holidays with her parents and friends here. Miss Tait is a general favorite with the young people and she will be gladly welcomed by them. Having is now almost a thing of the past. Some very light frosts have been gathered in. From the appearance of things they will bring a better price this coming winter than what it did last. Spring wheat as a rule is very light but the other spring crops are looking splendid. Mr. F. L. Green while driving along the seventh near Jno. Russel's lot one of the lines drop; the horse finding something very commenced to run and upset the buggy, throwing Mr. G. on the hard ground and a broken neck. Fortunately, however Mr. Green escaped with a few scratches and bruises.

BALSAM & ZION.

Miss Jennie Jones is home from her school in Lindsay. Mr. Richard Wilson is about to erect a veranda about his new house. Mr. John Lewis to the south of us has purchased a new Speigh wagon. Miss Cora McAvooy is home from Toronto, where she has been attending normal school. Mr. Wm. Everett has returned from Lindsay where he has been seeing his brother who is very ill. Mr. J. H. Jones has purchased a new McLaughlin carriage. They expect a good turp crop. We have now heard both our new ministers and pronounce them as good as the best if not a little better. May good results follow their labors. Turnips in this locality so far are a very uneven crop and if a considerable dampness does not come before long the crop will be in some places past its prime. Next Sabbath will be the 12th of July. Mr. Rion celebrates it by holding their S. S. anniversary which will be no small affair. The programme will consist of service at 2 o'clock p. m., conducted by Rev. Mr. Thom of Pickering, and in the evening from 6 to 8 a song service by the school after which an address will be given by Prof. Firth of Pickering college. A very interesting time is expected. A very important part in each service will be a collection to raise money to run the school for the year. Come and bring your ears and your money.

AUDLEY.

Miss Larkin is visiting at Mr. T. O'Leary's. Mr. Banbury is visiting his brother-in-law, Mr. S. Bray. Our pedes have departed from school work. J. H. Madill has gone to Michigan for a month. Ira Lawrence and Miss M. Orvis are writing on Junior Leaving and Primary exams respectively. May they have success. Delegates were appointed to go to the meeting of the Dominion Alliance on Thursday next in Toronto, by the church here. Rev. Mr. Thom preached his first sermon here on Sunday last. It was an excellent discourse on Christ-like living and the power of prayer. Let us be one in trying to further the gospel. It seems that that precarious being, the weather prophet, has forgotten to deal out to us our fair share of rain. To north and south fine showers have been taking place almost weekly while we miss it. Hay is lighter than last year; all grain is short; turnips, late ones, are not up, and corn looks well.

TOWN LINE.

Mrs. Webb and daughter are both better. Miss Reel, of Greenbank, is visiting her cousin Miss Ida Lee. Our young friend Will Dunlop is attending the military college at Toronto. Mr. George Davey arrived at his father's, Mr. J. Davey, on Tuesday to enjoy a visit and rest. Those who wrote at the entrance examination were Blanch McGregor, Lizzie Coakwell and Norman Jeffrey. We are glad to say that Mr. R. G. Oke, who has been very ill with pleurisy is improving but not able to be up yet. The pathmaster had the township road leading down from Brookling this week finishing up the road that he has been improving. We would like to have every church member of Almonds, when they go into church next time (if they come before the minister does), to spend one minute, that's enough, examining the walls and ceiling and see what conclusion they will come to after a careful survey. When a man gets up in the morning and finds that ten or twenty-five cows that were on the road have broken through his fence and pasture in his grain and corn field all night, as was the case with one of our farmers a few mornings since, it makes him think that the good times predicted at election have come to the cow anyway.

Cedar Dale.

Extensive building improvements on the street leading to the station. Robt Garrow last week caught six mid-cats and four perch, which is the biggest catch yet reported. Some people said the street cats would not pay. They took in nearly enough Dominion Day to more or less pay for their whole outfit. It is dangerous for a fellow to be out on the sidewalk at night, as he is liable to be run into by some girl on a bicycle. Election week was very lively around here, and some of the boys have not found out that it is over yet. The Messrs. Rutherford, of Colborne, are putting up an apple warehouse at the depot. It is of 7000 barrel capacity and makes the third to be built there this season. Mr. J. O. Henry's warehouse is nearing completion and is a large building.

The Kickapoo Medicine Co. are still with us giving nightly entertainments and selling their medicines. The attendance keeps up as at the start, and on those nights when an admission fee is charged there are generally larger audiences than on the free nights. On Thursday of last week the doctor drew 250 teeth and is still at it every day. They move to their next stand on Thursday.

WHITBY-TOWN LOCALS.

Allin's for pure drugs. Miss Helen Burns is home spending her holidays. A slight but welcome rainfall took place yesterday morning. Mrs. Grover, Toronto, a niece of Mrs. Burnham, is visiting here. Mrs. Gerrie-Smith, Hamilton, was here on Wednesday, visiting Mrs. Ames. Excursion to Toronto next Monday, July 13th, per steamer Eurydice. Mr. W. C. Walters is spending his holidays in Montreal. Mrs. Frank Powell, Chicago, is here visiting friends. Best quality prints reduced to 10c. on Saturday July 11 at W. G. Walters. Mrs. R. K. Orr is visiting at Massey, on the Spanish river, with her sister, Mrs. Dr. J. A. Hershey. See the dress goods offered at 25c. per yd. on bargain day, Saturday, July 11 at W. G. Walters. Mr. and Mrs. W. J. Greenwood of the Ontario Ladies College will be in Mitchell during the holidays. The garden party at Ontario Ladies' College on Wednesday night was favored with a lovely night, but only drew a small crowd. There is talk of Mr. R. Wolfenden turning a new brass band in town, principally made up of boys who have a musical turn about them. Messrs. W. L. Ormiston and J. J. Smith, barristers, of Toronto and Ottawa respectively, were in town over Sunday last. Mr. R. J. Lynde has moved to Toronto, where he will assist his brother, J. Lynde, photographer, who has sold his business at Hamilton and moved to the Queen city. The Neptune Yacht club, Toronto, is encamped at the harbor here. They come here every year, and declare our harbor the best camp ground along the north shore. The strawberry crop was not very heavy at any one time this year, but has held on well, and at present strawberries, cherries and raspberries may be seen in the same grocery window. Sandy Francis is here from New York. He reports the Whitby colony in that city thriving. Before going back he will visit his brother, Harry, at Grand Valley, and his sister, Mrs. Paterson at Perth. Work has been commenced in cutting down the hills between Whitby and Oshawa. It is reported that a bicyclist ran into a deep open culvert at the foot of Moore's hill and was badly shaken up. A large number of members of the Masonic order went to Pickering on Saturday to attend the late Henry Westgate's funeral. They report having seen one of the largest funerals that ever took place in Pickering. The two bus lines continue with unabated fury. We believe some of them could make money carrying people to the lake and back afternoons and evenings, provided bidders were not allowed to make themselves too conspicuous on the wagons. Oshawa and Bowmanville baseball clubs are talking of playing a challenge match on the Whitby grounds for \$50 a side. Another will be played at Newcastle. Both clubs are determined to try the other on neutral ground. Mr. J. R. Lawler, of the staff of the Winnipeg Tribune, is home this week visiting the Lawler family. He does not appear to have become wild and woolly in the great west, and even bears as many traces of civilization as were current around here during his youth. Mr. E. Stephenson has handed us in the yearly guide book of the Grand Trunk railway, giving details as to routes and rates of travel. The book is illustrated superbly, has a number of maps, gives the most minute details as to time tables and trains, and is very interesting in every way. We are much obliged to Mr. Stephenson, and would recommend that those who intend to travel secure one before locating a trip. Oh for Muskoka, Mackinaw, seaside, Manitoba, Europe, all United States, E. C. and Canadian points, anywhere, everywhere, by boat, rail or ocean. Rates guaranteed right. Through tickets reading from Pickering, Toronto, Myrtle, Brockton or Whitby. Write or see Stephenson, Whitby before traveling. Choice of all routes and to beat ocean S. S. lines.
