## WITHOUT AN EQUAL.

Statement of a Well Known Doctor

"Ayer's Sarsaparilla is without an equal as a blood-purifier and Spring medicine, and cannot have praise enough. I have watched its effects in chronic cases, where other treatment was of no avail, and have been astonished at the results. No other blood medicine that I have ever used, and I have tried them all, is so thorough in its action, and effects so many permanent cures as Ayer's Sarsaparilla."-Dr. H. F. MERRILL, Augusta, Me.

Only one means for a radical cure. Rheumatism is a blood disease, due to the presence of uric acid—a poison—in the system, and it is only by the removal drowned boy was a particularly bright of this pain-producing poison, that a radical cure can be effected. Acute rheumatism is hereditary, and thus it is that young children are often victims to this torture. The use of liniments, embrocations and outward applications, may give temporary relief, but can never cure, for the poison is in the blood, and until it is expelled, rheumatism, sciatica and neuraligic pains will continue. Scotts' Sarsaparilla cures rheumatism by removing the cause-by neutralizing and expelling this poisonous acid.
