Quite a number from the Island went to Valentia on Monday to the S.S. anniversary.

Our foot ball team played at Greenbank on July 1st against the Greenbank team. Our boys were much lighter men and yet the score was 2 to 0 in favor of Scugog. The game proved to be quite an attraction at the anniversary services and yet each man in the visiting team had to pay for his own supper, which seemed rather shabby treatment after all their trouble to give the Greenbank people a good exhibition of foot ball.

The unanimous opinion was that the members of Greenbank team were gentlemen all the way through and when they return the match on Scugog soil, they will be royally entertained.

Mr. Dan Sweetman, of Bracebridge, is busily engaged on the Island renewing old friendships.

As predicted our tea on the 1st July was a grand success. The concert in the evening was the best ever given here. The proceeds at the Sunday service, tea and concert amounted to about \$216. Miss Ida McLean, vocalist, and Miss Armon, elocutionist, Toronto, fairly captivated the large audience who attended the concert.

Mr. Richard Avery, while at work on a building on July 1st, belonging to Mr. Charles Stonehouse, fell about twenty-four feet fracturing his leg and sustaining other injuries.

Messrs. Wesley and Lewis Pascoe, Toronto, have been visiting friends here.

Mr. C. E. Brown, teacher, Solina, before dismissing school and saying goodbye to his pupils on the 27th ult., was surprised by Miss Mabel Argue coming forward and reading a neatly worded address and Miss Lelia Hogarth in behalf of the school presented their teacher with a beautiful gentleman's companion.

Mr. Brown made a suitable reply, referring to the two and a half years he had so pleasantly spent as their teacher.

Mr. T. G. Stonehouse is quite indisposed. He was taken suddenly ill when in Bowmanville.

Mr. A. T. Elliott, Beaverton, visited his parents here for a few days recently.

Millers like wheat cut before it is dead ripe, because the skin is thinner than when it has stood longer, and it is said that the proportion of gluten is greater. On the other hand, it stands to reason that seed grain should be fully ripened, so that the germ will be well developed, and the starch upon which it will feed also. It appears reasonable to suppose that the development of the germ takes something from the flour-yielding quantity of the grain, and that this is one reason why millers like wheat cut before it is dead ripe. There is a great lack of exact knowledge upon this point and a capital opportunity for investigation. Barley cut when not quite ripe is of a better color and realizes more money than when till it is dead ripe, but for malting, a mature, healthy germ is important. By cutting grain, and especially oats, before it is dead ripe, farmers secure themselves against the risk of heavy loss from shelling. If they do not begin to cut when the grain is a little under ripe they cannot finish before some of it is over ripe, and then the chances are that they will lose a great deal of grain. Except for malting barley, then, the advantages are greatly in favor of cutting a little too soon rather than too late. An experienced farmer will say that while he has rarely had reason to regret having been too quick in cutting a wheat or oat crop, he has often suffered from being too slow. Especially is this true with oats when the straw is so largely used as fodder.—Farmer's Advocate.

Doctor—Oh, that will not hurt you in the least.

She—It is of no use, Mr. de Tone; in my present state of mind I would not accept the best man living.

"Don't bother me."

"But can I?"

"Well, yes, then. But if you go and get drowned don't venture to come and show me your face again."

"I found a good bargain in men's shoes to-day," said Jorkins, after he had picked everything on the supper table to pieces.

"You have had better luck than I ever had," retorted his wife.

Manager—What does he know about railroads?

"Absolutely nothing."

"Good; I'll put him at the head of the information bureau."

Bixby (very near-sighted)—Who's that dumpy fellow coming up the road on the wheel?

Stincomb—That's my wife.

"Bixby—N-no. I don't mean that one I mean the grand guy with the bologna bloomers.

Stincomb—That's your wife.

"There is no use in mincing things any longer," began the landlady, as a preliminary to demanding a settlement.

Lushforth—Look here, did you say that I would rather drink than eat?

Wickwire—Why, no, not exactly.

"Well, what did you say?"

"All I said was that if you were to go for a meal to a place where you had to go through the bar to get to the dining room the chances were that you would come out hungry."

"Nora, you didn't stay long at your new place?"

"No'm, thim 'hoythen people exploited me ter clans 'leven bikoos ivry mornin' before breakfast."

W. Bell vacated the bakery and residence on Tuesday, and Nathan Tarr, who has purchased the whole outfit, with property, took possession on Wednesday. Mr. Tarr is a steady reliable young man and will undoubtedly do a thriving business. Mr. Bell has taken possession of the Edwards' residence south of the town hall, where he and his family will for a time reside and enjoy a vacation, before making known his intentions in a business way. We wish him success also.

The methodist school picnic in Robt. Underhill's grove on Dominion day was very successful. Although the attendance was perhaps not so large as on former occasions, yet the committee are pleased with the number in attendance, as there were contra attractions on all sides that day. The shower in the evening rather dampened things, but only prepared people to get ready for the concert. The Stouffville band rendered choice musical selections during the afternoon, and some of their number did well in the evening. The Whitby tabernacle choir sang splendidly in the evening, much to the delight of all. In fact both gatherings were much enjoyed. We have not yet heard the amount of receipts.—News.

Water supply.

It is reported that Mr. J. J. Gould, who is about to tear down the saw mill at park pond, is considering a scheme for supplying power to the town for water mains and also supplying houses with water for domestic purposes. A water supply of this kind would be a great convenience.

Accident. On Thursday evening last, when returning from the Sons of Temperance convention at Sandford, Mr. R. P. Moore and a number of ladies had an accident that resulted painfully for some of them. They were crowded in a phaeton and the horse ran away, frightened by the lightning. The result was an upset, some sprained and bruised people and one young lady remained unconscious for considerable time.

Cured the sleepers. An Uxbridge minister, while preaching in the baptist church at Goodwood on Sunday noticed that some of his congregation were very drowsy and stopping short in his sermon he said: "There is something wrong with this building. The carpenters forgot part of their work. They left three or four sleepers above the floor." The sleepers awoke and stayed awake.

A strong story. To show how intense the party feeling still is in some sections of Canada we need only mention the case of a woman that came under our notice a few days ago. She was lamenting Mr. McGillivray's lack of majority and said: "well, he would have had votes enough if they had all done as well as our village. We have only two grits in the place, and one of them's dying and the others goin' to move out in the fall."

12th July demonstration. At the regular meeting of the Uxbridge L. O. L., 583, presided over by Wor. Bro. M. H. Crosby, D. M., and W. Kidd, D. M., on Monday, June 29th, with a splendid attendance, it was decided that the Lodge meet at the hall, Uxbridge, at 8 a. m., on Saturday the 11th inst., to attend the county Demonstration at Sunderland on that day. Several visitors were present, among them being Wor. District Master, W. O. Webster, Bro. Shields, L. O. L. 673, Sunderland, Bro. H. Madill, County D. of C., and Bro. Hare, L. O. L. 142, Toronto. A large amount of business was transacted, after receiving one brother by certificate and the propositions of three gentlemen for initiation on the 11th inst. On report of committee the lodge decided to engage the Uxbridge brass band, which has since been done, and Mr. Geo. McGuire, the leader, expects that his band will be second to none at the Demonstration. The Wor. M. expects to see a good turn out on that day. All past and present members of the Association are cordially invited to join with the lodge and accompany them. The County D. of C. states that all arrangements have been made for a good time by the Sunderland lodge and a large demonstration is expected.—Journal.

LONDON, July 6th.—The despatch from Detroit with reference to the cure from Bright's disease and blood poisoning of Mr. Langley, of this city, by the use of Dodd's Kidney Pills, has recalled the wonderful facts of the case to the citizens, among whom Mr. Langley is well known. It has reminded them that Langley's cure also made an equally wonderful recovery. The use of the pills however has become so universal here, and there has been so many instances in which they have been used with beneficial results that a similar case would hardly excite as much interest now as it did then when the medicine was less known.

Andrew Onderdonk, the contractor, will take up his residence in Hamilton, at Highfield, the old Turner homestead.

Mrs. C. W. STORMS, Dresden, Ont., says: "I have been taking Miller's Compound Iron Pills for two months; my weight has increased 12 pounds and feel better than for years." Sold by A. H. Allen, druggist.
